

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

5.6X50MM RIMMED MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 5.6X50MM RIMMED MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749012942

ULTRA™ MICROMETER SEATER DIES Safety Instruction Guide

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions and information to ensure the safe and effective use of your reloading dies. Please read this guide carefully before use.

General Safety Guidelines

- Ensure safe handling and storage of all reloading equipment.
- Follow the manufacturer's instructions and guidelines at all times.
- Be aware of the potential hazards associated with reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Always wear appropriate safety gear, including eye protection and gloves.
- Store dies and components in a secure location, away from children and unauthorized users.
- Regularly inspect your reloading equipment for wear and damage.

Specific Safety Precautions for Use

• Hazard Identification:

- The ULTRA™ MICROMETER SEATER DIES are designed for use with specific cartridge types. Using incorrect cartridges may lead to malfunction or injury.
- Ensure that all components, including bullets and cases, are compatible with the die specifications.

• Avoiding Hazards:

- Do not exceed recommended load specifications when reloading.
- Never point the die or any loaded ammunition at yourself or others.
- Keep fingers away from the die's moving parts during operation.
- Use the micrometer adjustment feature carefully to avoid accidental changes in bullet seating depth.

Instructions for Installation and Usage

• Installation:

1. Ensure the reloading press is securely mounted and stable.
2. Clean the die threads and apply a small amount of lubricant if necessary.
3. Screw the ULTRA™ MICROMETER SEATER DIE into the reloading press until snug.
4. Adjust the die to the desired height for bullet seating.

• Usage:

1. Set the micrometer adjustment to the desired bullet seating depth.
2. Insert a case into the shell holder of the reloading press.
3. Place a bullet on top of the case.
4. Pull the handle of the reloading press to seat the bullet to the specified depth.
5. Check the seating depth with a caliper to ensure accuracy.
6. Repeat the process for additional rounds, adjusting the micrometer as needed.

Disposal Instructions

- Dispose of any damaged or worn reloading dies in accordance with local regulations.
- Do not throw away reloading components with regular household waste. Check for local recycling programs or hazardous waste disposal sites.
- Ensure that all ammunition and components are safely disposed of to prevent environmental contamination.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the contact information provided on the packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your ULTRA™ MICROMETER SEATER DIES. Always prioritize safety and compliance with the EU General Product Safety Regulation. Thank you for choosing Forster Products, Inc.
