

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 300 NORMA MAGNUM MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 300 NORMA MAGNUM MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749012949
- Mfr. No.: U00096
- Cartridge: 300 Norma
- Diameter (in): -
- Die Style: Bullet Seating Dies
- Delivery weight: 0.499kg
- Shipping height: 53mm
- Shipping width: 135mm
- Shipping length: 218mm
- UPC: 757253996221

# ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. These precision reloading dies are designed to help you create highquality ammunition. To ensure your safety and the optimal performance of your equipment, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Ensure safe use of the ULTRA™ MICROMETER SEATER DIES by following these guidelines:
  - Always use the dies in accordance with the manufacturer's instructions.
  - Keep the dies out of reach of children and vulnerable individuals.
  - Regularly inspect the dies for any signs of wear or damage before use.
  - Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading ammunition.
  - Be aware of your surroundings and ensure you are in a safe environment when using the dies.
  - Report any accidents or unsafe conditions to the appropriate authorities.

## Specific Safety Precautions for Use

- When using the ULTRA™ MICROMETER SEATER DIES, please observe the following precautions:
  - Do not exceed the recommended load specifications for your ammunition.
  - Ensure that the die is securely mounted in the reloading press before use.
  - Keep hands and fingers clear of moving parts during operation.
  - Avoid distractions while reloading to maintain focus and precision.
  - Store the dies in a dry, cool place when not in use to prevent rust and corrosion.
  - Do not modify the dies or use them for purposes other than intended.

## Instructions for Installation and Usage

- Follow these steps for the proper installation and use of the ULTRA™ MICROMETER SEATER DIES:

### 1. Installation:

- Clean the reloading press to remove any debris or residue.
- Insert the ULTRA™ MICROMETER SEATER DIE into the press and tighten securely.
- Attach the Forster Cross Bolt Die Locking Ring to ensure stability.

### 2. Adjusting the Micrometer:

- Set the micrometer adjustment to your desired bullet seating depth.
- Use the increments of .0005 inch to .001 inch for precise adjustments.
- Record your settings for easy reference when switching bullets.

### 3. Reloading Process:

- Prepare your brass cases and ensure they are clean and free of defects.
- Insert the bullet into the case and position it under the die.
- Activate the press to seat the bullet to the desired depth.
- Inspect the completed rounds for consistency and quality.

## Disposal Instructions

- Properly dispose of the ULTRA™ MICROMETER SEATER DIES when they are no longer usable:
  - Do not throw the dies in regular household waste.
  - Check local regulations for the disposal of metal and reloading equipment.
  - Consider recycling the dies if they are made from recyclable materials.

## Contact Information for Further Support

- For safety inquiries or further assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective reloading experience with the ULTRA™ MICROMETER SEATER DIES. Thank you for your attention to safety and for choosing Forster Products, Inc.
