

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

338 NORMA MAGNUM MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 338 NORMA MAGNUM MICROMETER SEATER DIE](#)

ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instructions

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES by Forster Products, Inc. This guide provides important safety instructions to ensure the safe and effective use of your reloading dies. Please read and follow these instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the dies out of reach of children and vulnerable individuals.
- Regularly inspect the dies for any signs of wear or damage before use.
- Always use personal protective equipment (PPE) such as safety glasses and gloves when reloading ammunition.
- Be aware of your surroundings and ensure that you are in a safe environment when using reloading equipment.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware that improper use of reloading dies can result in serious injury or damage. Always adhere to the manufacturer's guidelines.
- **Bullet Seating Depth:** When adjusting the micrometer for bullet seating depth, ensure that the adjustment is made slowly and carefully to avoid misalignment.
- **Heat Management:** Be cautious of heat generated during the reloading process. Allow dies to cool if they become too hot to handle.
- **Material Compatibility:** Ensure that the materials you are using (cases, bullets, etc.) are compatible with the ULTRA™ MICROMETER SEATER DIES to prevent malfunctions.
- **Storage:** Store the dies in a dry and safe location to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Remove the ULTRA™ MICROMETER SEATER DIE from its packaging.
- Ensure that the die is clean and free from debris.
- Install the die in the reloading press according to the press manufacturer's instructions.
- Tighten the die securely using the Forster Cross Bolt Die Locking Ring.

2. Usage:

- Set the desired bullet seating depth using the micrometer adjustment. Adjust in increments of .0005 inch to .001 inch.
- Insert a case into the shell holder of the press.
- Place a bullet on top of the case.
- Operate the press to seat the bullet into the case.
- Repeat the process for each round, ensuring to check the seating depth as needed.

Disposal Instructions

- Dispose of any damaged or worn reloading dies according to local regulations.
- Do not throw away in regular household waste. Check with local recycling programs for metal recycling options.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the ULTRA™ MICROMETER SEATER DIES, please consult the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your ULTRA™ MICROMETER SEATER DIES. Always prioritize safety and compliance with regulations. Happy reloading!
