

# FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 6.5X55MM SKAN FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5X55MM SKAN FULL LENGTH DIE SET](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749012955

# Safety Instruction Guide for Forster Full Length Sizing and Bench Rest Seater Die Sets

## Introduction

Thank you for choosing the Forster Full Length Sizing and Bench Rest Seater Die Sets. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective reloading experience. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure all safety measures are followed during the reloading process.
- Keep the dies and reloading equipment out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Use the dies only for the intended cartridge type (6.5 x 55 mm Scan) to avoid potential hazards.
- Inspect all equipment regularly for signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Handle all components of the die set with care to prevent injury.
- Avoid using excessive force when resizing or seating bullets to prevent equipment failure.
- Ensure the work area is welllit and free from distractions.
- Do not leave reloading equipment unattended while in use.
- Keep a fire extinguisher nearby when reloading, as gunpowder and primers can be flammable.
- Store components, including primers and powders, in a cool, dry place away from direct sunlight.

## Instructions for Installation and Usage

### • Installation:

1. Carefully unpack the die set and inspect for any damage.
2. Follow the manufacturer's instructions to install the sizing die in your reloading press.
3. Ensure the die is securely tightened and properly aligned with the press.
4. Install the seater die in the same manner, ensuring it is adjusted for the desired bullet seating depth.

### • Usage:

1. Set up your reloading press according to the manufacturer's guidelines.
2. Prepare cases by cleaning and inspecting them for defects.
3. Use the sizing die to resize the cases, ensuring they meet the specifications for the 6.5 x 55 mm Scan cartridge.
4. After resizing, use the EZ case neck expander system to prepare the neck of the case for bullet seating.
5. Load the appropriate amount of powder into the case.
6. Insert the bullet into the case mouth and use the seater die to seat the bullet to the desired depth.
7. Inspect each completed round for quality and safety before use.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies and components in accordance with local regulations.
- Follow proper hazardous waste disposal guidelines for any spent primers or gunpowder.
- Do not discard reloading components in regular trash.

## **Contact Information for Further Support**

For any safety inquiries or support related to the Forster Full Length Sizing and Bench Rest Seater Die Sets, please refer to the manufacturer's official website or contact their customer service.

By adhering to these safety instructions and guidelines, you can ensure a safe and successful reloading experience with your Forster products. Always prioritize safety and stay informed about the best practices in reloading.
