

# 1-PIECE COATED RIFLE CLEANING RODS - WESTERN POWDERS

## 17-20 CALIBER 30" 5-40F CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

One piece, coated spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

### Attributes

- Name: [WESTERN POWDERS 17-20 CALIBER 30" 5-40F CLEANING ROD](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 749013002

# Safety Instruction Guide for 1Piece Coated Rifle Cleaning Rods

## Introduction

Thank you for choosing the 1Piece Coated Rifle Cleaning Rods from Western Powders. This guide provides essential safety instructions to ensure the safe and effective use of your cleaning rods. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose: cleaning rifle barrels.
- Always handle firearms with care and ensure they are unloaded before cleaning.
- Keep the cleaning rod and all cleaning accessories out of reach of children and pets.
- Regularly inspect the cleaning rod for any signs of wear or damage before use. Do not use a damaged rod.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- Use the cleaning rod in a wellventilated area to avoid inhaling any cleaning solvents or chemicals.
- Wear safety glasses to protect your eyes from potential splashes or debris.
- Avoid using excessive force when pushing the brush or jag through the barrel to prevent bending the rod.
- Ensure that the cleaning rod is properly threaded and securely attached to the brush or jag before use.
- Do not leave the cleaning rod unattended while in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including your cleaning rod, brushes, jags, and cleaning solvents.

### 2. Attaching the Brush or Jag:

- Select the appropriate caliber brush or jag for your rifle.
- Thread the brush or jag onto the cleaning rod's end securely. Ensure it is tightly fastened.

### 3. Cleaning Process:

- Insert the cleaning rod into the breech of the rifle.
- Gently push the rod through the barrel until the brush or jag exits the muzzle. Avoid using excessive force.
- Pull the rod back through the barrel to remove any fouling. Repeat this process as necessary.
- After cleaning, remove the brush or jag and clean it separately.

### 4. After Use:

- Wipe down the cleaning rod with a soft cloth to remove any residue.
- Store the cleaning rod in a safe, dry place, away from children and pets.

## **Disposal Instructions**

- Dispose of any cleaning materials, such as used brushes, jags, or cleaning solvents, according to local regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged. Follow local guidelines for disposing of metal products.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the manufacturer's website or contact their customer service directly.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience for your rifle. Always prioritize safety and proper handling practices when using firearm cleaning products. Thank you for your attention to these important guidelines.
