

1-PIECE COATED RIFLE CLEANING RODS - WESTERN POWDERS

17-20 CALIBER 42" 5-40F CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

One piece, coated spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

Attributes

- Name: [WESTERN POWDERS 17-20 CALIBER 42" 5-40F CLEANING ROD](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 749013003

Safety Instruction Guide for 1Piece Coated Rifle Cleaning Rods

Introduction

Thank you for purchasing the 1Piece Coated Rifle Cleaning Rods from Western Powders. This guide provides essential safety instructions to ensure the safe and effective use of your cleaning rods. Please read this document carefully to understand how to handle the product safely and what precautions to take.

General Safety Guidelines

- Ensure that you are familiar with the operation of your rifle and the cleaning process before using this product.
- Always handle cleaning rods with care to avoid injury or damage to your firearm.
- Keep cleaning rods out of reach of children and vulnerable individuals.
- Regularly inspect your cleaning rod for any signs of wear or damage before each use.
- If you notice any defects or malfunctions, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- Use the cleaning rod only for its intended purpose: cleaning rifles of caliber 17 and 20.
- Always ensure that the firearm is unloaded before cleaning.
- Never point the cleaning rod or any cleaning tool at yourself or others.
- Avoid using excessive force when pushing the brush or jag through the bore to prevent bending the rod.
- Always clean from the breech end of the rifle to avoid damaging the muzzle.
- Ensure that the cleaning rod is properly aligned with the bore to prevent damage to the rifling.
- Do not use the cleaning rod if it is bent or damaged.
- Wear safety glasses to protect your eyes from debris when cleaning.

Instructions for Installation and Usage

1. Preparation:

- Confirm that your firearm is unloaded.
- Gather your cleaning supplies, including the cleaning rod, brush or jag, and cleaning solvent.

2. Assemble the Cleaning Rod:

- Attach the appropriate brush or jag to the threaded end of the cleaning rod.
- Ensure that the attachment is secure but do not overtighten.

3. Cleaning Process:

- Insert the cleaning rod into the rifle's bore from the breech end.
- Gently push the rod through the bore to the muzzle, ensuring to maintain alignment.
- Pull the rod back out and repeat as necessary, using a cleaning solvent if needed.
- After cleaning, remove the brush or jag and clean the rod with a soft cloth.

4. PostCleaning:

- Inspect the cleaning rod for any damage or wear.
- Store the cleaning rod in a safe, dry place away from children.

Disposal Instructions

- Dispose of any cleaning materials, such as brushes or solvents, in accordance with local regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged. Follow local guidelines for disposing of metal products.

Contact Information for Further Support

For any safety inquiries or support regarding your cleaning rod, please refer to the manufacturer's contact details available on the product packaging or website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your 1Piece Coated Rifle Cleaning Rods. Thank you for prioritizing safety while maintaining your firearm.
