

# 1-PIECE COATED RIFLE CLEANING RODS - WESTERN POWDERS

## 22-26 CALIBER 30" 8-32F CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

One piece, coated spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

### Attributes

- Name: [WESTERN POWDERS 22-26 CALIBER 30" 8-32F CLEANING ROD](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 749013004

# Safety Instruction Guide for 1Piece Coated Rifle Cleaning Rods

## Introduction

Thank you for choosing the 1Piece Coated Rifle Cleaning Rods from Western Powders. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the cleaning rods.

## General Safety Guidelines

- Always use the cleaning rod in a wellventilated area.
- Keep the cleaning rod out of reach of children and pets.
- Inspect the cleaning rod for any damage before use. Do not use if damaged.
- Store the cleaning rod in a safe place when not in use.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before using the cleaning rod.
- Use the correct caliber cleaning rod for your firearm to avoid damage.
- Do not force the cleaning rod through the bore; apply gentle pressure.
- Avoid contact between the cleaning rod and the stock of the firearm to prevent scratches.
- Use protective eyewear while cleaning to prevent injury from potential debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the appropriate brush or jag.

### 2. Attaching the Brush or Jag:

- Select the correct brush or jag for your caliber.
- Screw the brush or jag onto the threaded end of the cleaning rod until secure.

### 3. Cleaning Procedure:

- Insert the cleaning rod into the bore from the breech end.
- Gently push the rod through the bore, allowing the brush or jag to clean the rifling.
- Rotate the rod as necessary to ensure full contact with the rifling.
- Repeat the process as needed, using a suitable cleaning solvent.

### 4. Finishing Up:

- After cleaning, remove the brush or jag from the cleaning rod.
- Clean the rod with a dry cloth to remove any residue.
- Store the cleaning rod in a safe location.

## Disposal Instructions

- Dispose of any used cleaning supplies, such as brushes or solvents, according to local regulations.

- The cleaning rod itself can be recycled where facilities exist. Check with local recycling programs for guidance.

## Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the appropriate EUbased contact point for assistance.

Thank you for prioritizing safety while using the 1Piece Coated Rifle Cleaning Rods. Your attention to these guidelines helps ensure a safe and effective cleaning experience.
