

CASE NECK DIPPER - LYMAN CASE NECK DIPPER COMPLETE

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

Case Neck Dipper Kit uses a mica-based dry lubricant that helps alleviate expander ball drag to prevent case neck stretching and loss of material sizing. Simply clean the inside of the mouth with one of the included brushes that fit into the base of the dipper, then dip the case mouth into the lubricant – and it's ready for neck sizing. Kit contains plastic case with brush holders and lubricant reservoir, 3.1grams of Motor Mica dry lubricant, and 3 brushes (sizes for .22 to .27, .35 to .40, and .44/.45 caliber).

Safety Instruction Guide for Lyman Case Neck Dipper Kit

Introduction

Thank you for purchasing the Lyman Case Neck Dipper Kit. This guide provides essential safety instructions and usage information to ensure your safe and effective use of the product. Please read this guide carefully before using the Case Neck Dipper Kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the product for any signs of damage before use. Do not use if damaged.
- Use the product in a wellventilated area to avoid inhalation of dust or fumes from the lubricant.
- Follow all local regulations regarding the use and disposal of lubricants and other materials.

Specific Safety Precautions for Use

- Avoid direct contact with the lubricant. In case of contact, wash the affected area with soap and water.
- Do not ingest the lubricant. If ingested, seek medical attention immediately.
- Use protective gloves when handling the lubricant to prevent skin irritation.
- Store the lubricant in a cool, dry place away from direct sunlight and heat sources.
- Do not use the product near open flames or high temperatures.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary items: the Case Neck Dipper, included brushes, and the lubricant.
- Ensure your workspace is clean and organized.

2. Cleaning the Case Mouth

- Use one of the included brushes to clean the inside of the case mouth thoroughly.
- Ensure that the brush fits snugly into the base of the dipper for effective cleaning.

3. Applying the Lubricant

- Dip the cleaned case mouth into the lubricant reservoir.
- Ensure that the case mouth is adequately coated with the lubricant.

4. Neck Sizing

- Proceed with neck sizing as per your reloading process.
- Ensure the lubricant is evenly applied to avoid case neck stretching.

5. PostUse Care

- Clean the dipper and brushes after each use to maintain their effectiveness.
- Store the product in its plastic case to protect it from dust and damage.

Disposal Instructions

- Dispose of any unused lubricant and cleaning materials in accordance with local regulations.
- Do not pour lubricant down the drain or dispose of it in regular trash.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Lyman Case Neck Dipper Kit, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for following these safety instructions. Enjoy using your Lyman Case Neck Dipper Kit responsibly and safely!
