

VLD CHAMFER/REAMER TOOL - LYMAN VLD CHAMFER/REAMER TOOL

[Reloading](#) > [Case Preparation](#) > [Case Mouth Chamfering](#)

Specialty tool for loading Very Low Drag (VLD) bullets removes the sharp edges at the case mouth, allowing the long boattail on the bullet to be seated in the case without damage that can cause drag and compromise accuracy. Cuts a gentle 22° chamfer that has been proven to be the best angle for VLD bullets; will work equally as well with other bullet types. Unbreakable, comfortable, cushioned, ergonomic handle.

VLD Chamfer/Reamer Tool Safety Instructions

Introduction

Thank you for choosing the VLD Chamfer/Reamer Tool by Lyman. This specialty tool is designed for loading Very Low Drag (VLD) bullets, ensuring smooth seating in the case without damaging the bullet or compromising accuracy. To ensure your safety and the effective use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always use the tool as intended and in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Store the tool in a safe, dry place when not in use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for product recalls on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use protective eyewear when operating the tool to prevent injury from debris.
- Ensure your hands are dry and free from oils or substances that could affect grip.
- Do not apply excessive force while using the tool; let the tool do the work.
- Avoid wearing loose clothing or accessories that could get caught in the tool.
- Do not use the tool for any purpose other than its intended use.
- If you experience any discomfort or unusual sensations while using the tool, stop immediately.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free from clutter.
- Gather all necessary materials, including the VLD Chamfer/Reamer Tool and the cases to be chamfered.

2. Using the Tool:

- Hold the ergonomic handle comfortably in your hand.
- Insert the case mouth into the tool's opening.
- Gently twist the tool to apply the chamfer to the case mouth.
- Maintain a steady and controlled motion to achieve a 22° chamfer.
- Remove the case and inspect the chamfered edge for uniformity.

3. PostUse Care:

- Clean the tool with a soft, dry cloth after each use to remove any debris.
- Store the tool in its designated location to prevent damage.

Disposal Instructions

- Dispose of the tool responsibly at the end of its life cycle.
- Follow local regulations for the disposal of tools and equipment.
- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to the manufacturer or consult their website for further assistance.

Thank you for prioritizing safety and for your commitment to using the VLD Chamfer/Reamer Tool responsibly. Enjoy your reloading experience!
