

BULLET LUBRICANT - REDDING SAECO GOLD BULLET LUBE - SOLID

[Reloading](#) > [Bullet Casting](#) > [Bullet Lubricant](#)

Long popular with folks who are serious about casting their own lead bullets, SAECO lubes help minimize lead accumulation in the rifling that can impair accuracy. Comes in 1" dia. x 4" long sticks that fit popular sizer/lubricators, including the SAECO Lubri-Sizer. Traditional rifle formula is the classic NRA recipe of natural beeswax (no synthetics) and Alox that helps prevent leading at higher velocities. Gold is an Aloxfree lube specifically formulated to combat leading in the shorter barrels of handguns. Can be used in rifles, too, and can even be used as a fluxing agent in your casting furnace. All-purpose Green formula works in rifles and handguns; slightly harder than the other SAECO lubes and Alox-free.

Safety Instruction Guide for BULLET LUBRICANT REDDING SAECO GOLD BULLET LUBE SOLID

Introduction

Thank you for choosing BULLET LUBRICANT REDDING SAECO GOLD BULLET LUBE SOLID. This product is designed for use in the casting and lubrication of lead bullets. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always store the lubricant in its original container, tightly closed, and in a cool, dry place away from direct sunlight.
- Keep the product out of reach of children and pets to prevent accidental ingestion or misuse.
- Do not use the lubricant for any purpose other than its intended use as a bullet lubricant.
- In case of accidental skin contact, wash the affected area with soap and water.
- If the product is ingested, seek medical attention immediately.
- Report any unsafe product experiences to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure proper ventilation when using the lubricant to avoid inhalation of fumes.
- Wear protective gloves and safety goggles to prevent skin and eye contact during application.
- Avoid using the product near open flames or sources of ignition.
- Do not mix with other chemicals unless specified by the manufacturer.
- Be cautious of slippery surfaces when applying the lubricant.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the sizer/lubricator is clean and free from old lubricant.
- Remove the BULLET LUBRICANT REDDING SAECO GOLD BULLET LUBE SOLID from its packaging.

2. Loading the Lubricant:

- Cut the lubricant stick to the appropriate length if necessary.
- Insert the stick into the sizer/lubricator according to the manufacturer's instructions.

3. Lubricating Bullets:

- Adjust the sizer/lubricator settings based on the bullet size and type.
- Operate the sizer/lubricator to apply the lubricant evenly on the bullets.

4. PostUsage:

- Clean any excess lubricant from the sizer/lubricator after use to prevent buildup.
- Store the remaining lubricant in its original container and secure it properly.

Disposal Instructions

- Dispose of any unused or expired lubricant in accordance with local regulations.

- Do not pour the lubricant down the drain or dispose of it in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety and use of BULLET LUBRICANT REDDING SAECO GOLD BULLET LUBE SOLID, please consult your retailer or the manufacturer's support services.

Thank you for your attention to these safety instructions. Enjoy your experience with BULLET LUBRICANT REDDING SAECO GOLD BULLET LUBE SOLID, and always prioritize safety.
