## Inserts Sold Separately

The Sinclair Two-Piece bore guide system helps the shooter get the best possible alignment of the cleaning rod to the bore by using a guide within a guide. The guide body goes into the action and seals the chamber with an O-ring, like a traditional bore guide. A separate guide slides into the rear of the guide body to provide a slip fit for the cleaning rod. The tight-fitting 8" insert prevents the rod from flexing and keeps it centered, so it will not contact the rifling while you clean. Choose the guide body to fit the cartridge your rifle is chambered for, then select the insert with the inside diameter that fits your rod. Both guide body and insert are machined from Delrin with rubber O-ring seals to prevent solvent from getting into the action. Bore guide bodies are made to fit the Remington 700 and other rifles with .700" diameter bolts. Inserts Sold Separately

# Sinclair TwoPiece Cleaning Rod Guides Safety Instructions

## Introduction

Thank you for choosing the Sinclair TwoPiece Cleaning Rod Guides. This product is designed to enhance your cleaning experience by ensuring optimal alignment of the cleaning rod with the bore of your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the cleaning rod guide is suitable for your firearm's chamber and cartridge type.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the cleaning rod guide before each use for any signs of wear or damage.
- Do not use the product if it appears damaged or defective.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when cleaning firearms.
- Ensure that your firearm is unloaded before using the cleaning rod guide.
- Do not force the cleaning rod through the bore; apply gentle pressure to avoid damage.
- Use only compatible cleaning rods with the guide to prevent misalignment.
- Avoid using solvents that are not recommended by the firearm manufacturer.
- Do not leave the cleaning rod in the bore for extended periods.

## Instructions for Installation and Usage

### 1. Select the Correct Guide Body

- Choose the guide body that fits the cartridge your rifle is chambered for, such as 6.5 Grendel, 7.62 x 39 mm, PPC Family, or 220 Russian.

### 2. Install the Guide Body

- Insert the guide body into the action of the firearm.
- Ensure that the O-ring seals the chamber properly to prevent solvent leakage.

### 3. Insert the Slip Fit Guide

- Slide the separate guide into the rear of the guide body.
- Ensure a snug fit for the cleaning rod.

### 4. Using the Cleaning Rod

- Carefully insert the cleaning rod into the slip fit guide.
- Maintain a straight alignment to avoid contact with the rifling.

### 5. After Use

- Remove the cleaning rod and guide.
- Clean the guides as per the manufacturer's recommendations.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options if available.
