

SINCLAIR TWO PIECE CLEANING ROD GUIDES - SINCLAIR INTERNATIONAL ROD GUIDE INSERT, 20 CALIBER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Inserts Sold Separately

The Sinclair Two-Piece bore guide system helps the shooter get the best possible alignment of the cleaning rod to the bore by using a guide within a guide. The guide body goes into the action and seals the chamber with an O-ring, like a traditional bore guide. A separate guide slides into the rear of the guide body to provide a slip fit for the cleaning rod. The tight-fitting 8" insert prevents the rod from flexing and keeps it centered, so it will not contact the rifling while you clean. Choose the guide body to fit the cartridge your rifle is chambered for, then select the insert with the inside diameter that fits your rod. Both guide body and insert are machined from Delrin with rubber O-ring seals to prevent solvent from getting into the action. Bore guide bodies are made to fit the Remington 700 and other rifles with .700" diameter bolts. Inserts Sold Separately

Safety Instruction Guide for SINCLAIR TWO PIECE CLEANING ROD GUIDES

Introduction

Thank you for choosing the Sinclair TwoPiece Cleaning Rod Guides. This product is designed to enhance your cleaning process while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the cleaning rod and bore guide with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod guides for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- Always wear protective eyewear when cleaning your firearm to protect against potential debris or solvent splashes.
- Ensure the firearm is unloaded before using the cleaning rod guide.
- Use only compatible cleaning rods with the bore guide insert to prevent damage to the firearm or the product.
- Avoid using excessive force when inserting or removing the cleaning rod to prevent damage to the bore guide.
- Store the cleaning rod guides in a cool, dry place away from direct sunlight.

Instructions for Installation and Usage

1. Select the Right Guide Body:

- Choose the guide body that fits the cartridge your rifle is chambered for.

2. Insert the Guide Body:

- Insert the guide body into the action of your firearm.
- Ensure that the O-ring seals the chamber properly.

3. Choose the Correct Insert:

- Select the insert with the inside diameter that fits your cleaning rod.

4. Insert the Cleaning Rod:

- Slide the insert into the rear of the guide body to provide a slip fit for the cleaning rod.
- Ensure that the 8" insert fits snugly to prevent flexing.

5. Cleaning Procedure:

- Begin cleaning your firearm as per the manufacturer's instructions.
- Ensure that the cleaning rod remains centered and does not contact the rifling.

6. PostCleaning:

- Remove the cleaning rod and the insert carefully.
- Clean the bore guide and insert with a suitable solvent and dry thoroughly before storage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- For proper disposal methods, consult local waste management guidelines.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please reach out to the manufacturer or your local distributor. Ensure to have your product details ready for a more efficient response.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Sinclair TwoPiece Cleaning Rod Guides. Always prioritize safety and proper usage to maintain the longevity of both the product and your firearm. Thank you for your attention to these guidelines.
