## Inserts Sold Separately

The Sinclair Two-Piece bore guide system helps the shooter get the best possible alignment of the cleaning rod to the bore by using a guide within a guide. The guide body goes into the action and seals the chamber with an O-ring, like a traditional bore guide. A separate guide slides into the rear of the guide body to provide a slip fit for the cleaning rod. The tight-fitting 8" insert prevents the rod from flexing and keeps it centered, so it will not contact the rifling while you clean. Choose the guide body to fit the cartridge your rifle is chambered for, then select the insert with the inside diameter that fits your rod. Both guide body and insert are machined from Delrin with rubber O-ring seals to prevent solvent from getting into the action. Bore guide bodies are made to fit the Remington 700 and other rifles with .700" diameter bolts.

# Sinclair TwoPiece Cleaning Rod Guides Safety Instruction Guide

## Introduction

Thank you for choosing the Sinclair TwoPiece Cleaning Rod Guides. This product is designed to assist you in safely and effectively cleaning the bore of your firearm. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU safety regulations.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow all safety protocols.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod guides for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before using the cleaning rod guide.
- Use the correct guide body and insert that matches your firearm's specifications.
- Do not force the cleaning rod into the bore; ensure it fits properly to avoid damage.
- Avoid using excessive force when cleaning to prevent injury or damage to the firearm.
- Store the cleaning rod guides in a safe, dry place away from direct sunlight and moisture.

## Instructions for Installation and Usage

### 1. Selecting the Correct Guide Body:

- Choose the guide body that fits the cartridge your rifle is chambered for.
- Ensure compatibility with Remington 700 and other rifles with .700" diameter bolts.

### 2. Inserting the Bore Guide:

- Insert the guide body into the action of the firearm.
- Ensure that the O-ring seals the chamber properly to prevent solvent leakage.

### 3. Attaching the Cleaning Rod:

- Slide the appropriate insert into the rear of the guide body.
- Ensure a slip fit for the cleaning rod; the tightfitting 8" insert will prevent flexing.

### 4. Cleaning the Bore:

- Carefully insert the cleaning rod into the bore through the guide.
- Move the cleaning rod back and forth gently to clean the bore, avoiding excessive force.

### 5. PostCleaning:

- Remove the cleaning rod and guide body from the firearm.
- Clean the guides as necessary and store them properly.

## Disposal Instructions

- Dispose of any damaged or worn cleaning rod guides in accordance with local regulations.
- Do not dispose of the product in household waste; check for recycling options in your area.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the Sinclair TwoPiece Cleaning Rod Guides, please refer to the appropriate contact channels available in your region.

Thank you for your attention to these safety guidelines. Enjoy using your Sinclair cleaning rod guides safely and effectively!
