

SINCLAIR PRIMING TOOL - SINCLAIR INTERNATIONAL PRIMING HEAD TOOL, 223 FAMILY

[Reloading](#) > [Priming Tools](#) > [Priming Tool Accessories](#)

The Sinclair Priming Tool is one of the finest tools we manufacture. Handloaders around the world have told us “this is the best priming tool in the world”. The Sinclair Priming Tool is manufactured from the finest materials available. The main body, head, and punch housings are all made of stainless steel, the handle is machined from aircraft grade aluminum, and the pins and pushrod are hardened. These materials insure the owner a lifetime of trouble-free use. The Sinclair Priming Tool comes complete with housings and punches for both large and small primers. The tool head utilizes Sinclair Priming Tool Shellholders and locks the case head square to the priming punch. The leverage of the tool is outstanding, yet extremely sensitive so you can feel the primer entering the primer pocket and bottoming out. Our tool is made for single feeding of primers. Our tool is expensive but made with consideration for quality and to provide the user with a well-made tool that will last a lifetime and more. There are no plastic parts to wear or break. Shellholders purchased separately.

Attributes

- Name: [SINCLAIR INTERNATIONAL PRIMING HEAD TOOL, 223 FAMILY](#)

Sinclair Priming Tool Safety Instructions

Introduction

Thank you for choosing the Sinclair Priming Tool from Sinclair International. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the tool.

General Safety Guidelines

- Always use the Sinclair Priming Tool in a wellventilated area.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of wear or damage before use.
- Follow all manufacturer instructions and guidelines.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay updated on recall notices and safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Handle with Care:** Use the tool as intended. Avoid using excessive force that may damage the tool or cause injury.
- **Proper Use of Primers:** Only use primers that are compatible with the Sinclair Priming Tool. Ensure they are stored safely and correctly.
- **Single Feeding Only:** The tool is designed for single feeding of primers. Do not attempt to load multiple primers at once.
- **Avoid Eye Contact:** When using the tool, ensure that no debris or materials can enter your eyes. Wear safety glasses if necessary.
- **Work Area Safety:** Keep your work area clean and free of clutter to prevent accidents.

Instructions for Installation and Usage

1. Setup:

- Place the Sinclair Priming Tool on a stable and flat surface.
- Ensure that all components, including the housing and punch, are securely attached.

2. Loading Primers:

- Select the appropriate shellholder for the primer size you are using (large or small).
- Insert the shellholder into the tool head and ensure it is locked in place.
- Carefully load a single primer into the shellholder.

3. Priming:

- Position the case head squarely against the priming punch.
- Apply gentle pressure on the handle to start the priming process. You should feel the primer entering the primer pocket.
- Continue to apply pressure until the primer is fully seated.

4. PostUse Care:

- After use, clean the tool to remove any debris or residue.
- Store the tool in a safe and dry location, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any defective or damaged tools in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any inquiries or assistance regarding the Sinclair Priming Tool, please reach out to the designated contact point in your region. Ensure that you provide your product details, including the model and any specific concerns.

Thank you for your attention to these safety instructions. Proper use and care of the Sinclair Priming Tool will enhance your reloading experience and ensure your safety.
