

# SINCLAIR PRIMING TOOL - SINCLAIR INTERNATIONAL PRIMING HEAD TOOL, 308 FAMILY/BR FAMILY

[Reloading](#) > [Priming Tools](#) > [Priming Tool Accessories](#)

The Sinclair Priming Tool is one of the finest tools we manufacture. Handloaders around the world have told us "this is the best priming tool in the world". The Sinclair Priming Tool is manufactured from the finest materials available. The main body, head, and punch housings are all made of stainless steel, the handle is machined from aircraft grade aluminum, and the pins and pushrod are hardened. These materials insure the owner a lifetime of trouble-free use. The Sinclair Priming Tool comes complete with housings and punches for both large and small primers. The tool head utilizes Sinclair Priming Tool Shellholders and locks the case head square to the priming punch. The leverage of the tool is outstanding, yet extremely sensitive so you can feel the primer entering the primer pocket and bottoming out. Our tool is made for single feeding of primers. Our tool is expensive but made with consideration for quality and to provide the user with a well-made tool that will last a lifetime and more. There are no plastic parts to wear or break. Shellholders purchased separately.

## Attributes

- Name: [SINCLAIR INTERNATIONAL PRIMING HEAD TOOL, 308 FAMILY/BR FAMILY](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749013847

# Sinclair Priming Tool Safety Instructions

## Introduction

Thank you for choosing the Sinclair Priming Tool. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the tool.

## General Safety Guidelines

- Ensure that the Sinclair Priming Tool is used only for its intended purpose.
- Always keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before each use. Do not use if damaged.
- Store the tool in a dry and safe place when not in use.
- Follow all local laws and regulations regarding the use of reloading tools and components.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using the tool.
- Avoid wearing loose clothing or jewelry that may interfere with the operation of the tool.
- Use the tool in a wellventilated area to avoid inhaling any dust or debris.
- Do not exceed the recommended pressure limits when using the tool.
- Ensure that the work area is clean and free of clutter to prevent accidents.
- Never attempt to modify or repair the tool yourself. Contact a professional for assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components, including the Sinclair Priming Tool, primers, and shellholders (purchased separately).
- Ensure that you are familiar with the different primer sizes (large and small) and select the appropriate shellholder.

### 2. Installation:

- Attach the desired shellholder to the tool head, ensuring it is securely locked in place.
- Check that the priming punch is correctly positioned and secured.

### 3. Loading Primers:

- Place a primer in the shellholder, ensuring it is seated correctly.
- Align the case head squarely with the priming punch.

### 4. Priming:

- Apply gentle pressure on the handle to begin the priming process.
- Feel for the primer entering the primer pocket and bottoming out. Do not force the handle.
- After priming, remove the case and check that the primer is seated correctly.

### 5. PostUse:

- After using the tool, clean it thoroughly to remove any debris or residue.
- Store the tool and all components in a safe and dry location.

## **Disposal Instructions**

- Dispose of any used primers and other components in accordance with local regulations.
- Do not dispose of the Sinclair Priming Tool in regular household waste. Instead, follow proper recycling procedures for metal and aluminum components.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Sinclair Priming Tool, please refer to the manufacturer's website or contact your local retailer for assistance.

Thank you for prioritizing safety and for choosing the Sinclair Priming Tool. Enjoy your reloading process!
