

# WINDAGE HEAVY VARMINT REST - SINCLAIR INTERNATIONAL ALL-PURPOSE HEAVY VARMINT SHOOTING REST RH WINDAGE

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

Available in the following formats: The Sinclair Heavy Varmint Bench Rest model is designed for shooters who prefer using Protektor or Edgewood front sand bags. The rest top side plates allow the user to "pinch" the sand bag for subtle bag width adjustments. Purchase the front Protektor or Edgewood sand bag which best fits your forend width: sporter, varmint, or flat-bottomed B/R stock (front sand bag is not included with Sinclair Heavy Varmint Bench Rests, please see page xx and order separately). The Sinclair Heavy Varmint All-Purpose rest is designed with our versatile All-Purpose (A/P) Top which quick-adjusts to accommodate nearly any forend. Switch from narrow sporter stocks to 3-1/2" BR stocks with a turn of a lever. The Sinclair Heavy Varmint All-Purpose Rest includes a dual-sided leather/cordura sand bag (not filled). The windage topped version adds the convenience of quick-adjust horizontal movements for competitive shooting by turning the windage knob located on the side of the rest top. Available in both right-hand and left-hand shooter versions. When ordering windage top versions, right-handed shooters will order a RIGHT-HAND rest and left-handed shooters will order a LEFT-HAND rest. The adjustment knob will be on the correct side to be adjusted with the shooter's off hand.
