

6.5MM (0.264") HYBRID BOAT TAIL BULLETS - BERGER BULLETS

6.5MM (0.264") 140GR HYBRID BOAT TAIL 500/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Berger's Hybrid design blends the best of both worlds by incorporating two different shapes within the nose. As the bearing surface ends, a tangent ogive begins. This tangent section of the ogive results in the bullet being much less sensitive to seating depth. As you move forward along the tangent portion, the shape changes into a secant ogive (the shape used on the VLD bullets). This shape is very efficient in the wind and is why the VLD became so popular. The key to all this is not just the combining of these two shapes but also the partnership between the ballistician and the bullet maker. Berger's Chief Ballistician, Bryan Litz uses his expertise to combine the appropriate shapes for optimum performance.

Attributes

- Name: [BERGER BULLETS 6.5MM \(0.264"\) 140GR HYBRID BOAT TAIL 500/BOX](#)
- Manufacturer: [BERGER BULLETS](#)
- Product no.: 749013965
- Mfr. No.: 26714
- Ballistic Coefficient (G1): 0.607
- Ballistic Coefficient (G7): 0.311
- Brand Style: Hybrid
- Bullet Style: Boat Tail Hollow Point (BTHP)
- Caliber: 6.5mm, 264 Caliber
- Diameter (Breech): 0.264
- Diameter (in): 0.264
- Grain: 140
- Sectional Density: 0.287
- Quantity: 500
- Delivery weight: 4.672kg
- Shipping height: 76mm
- Shipping width: 127mm
- Shipping length: 165mm
- UPC: 679459267144

Safety Instruction Guide for 6.5MM Hybrid Boat Tail Bullets

Introduction

Thank you for choosing the 6.5MM (0.264") Hybrid Boat Tail Bullets from Berger Bullets. This guide provides essential safety information to ensure the safe use of this product. By following these instructions, you can minimize risks and enhance your shooting experience.

General Safety Guidelines

- Ensure safe handling and storage of bullets to prevent accidents.
- Always treat every bullet as if it is loaded.
- Keep bullets out of reach of children and unauthorized individuals.
- Use appropriate safety gear, including eye and ear protection, when handling or shooting.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly check for product recalls and safety updates on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always follow the manufacturer's loading and usage guidelines.
- Verify that your firearm is compatible with 6.5MM bullets before use.
- Inspect bullets for any visible defects before loading.
- Avoid using damaged or deformed bullets.
- Never exceed the recommended load specifications for your firearm.
- Ensure that the bullet is seated properly in the cartridge before firing.
- Maintain a safe distance from others when shooting.
- Do not attempt to modify or alter the bullets in any way.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including a reloading press, powder scale, and safety equipment.
- Read the reloading manual specific to your firearm and the 6.5MM bullets.

2. Loading:

- Measure the appropriate powder charge according to the reloading manual.
- Place the bullet into the cartridge case, ensuring it is aligned correctly.
- Use the reloading press to seat the bullet to the specified depth.

3. Testing:

- After loading, conduct a visual inspection to ensure proper assembly.
- Perform a function check in a safe and controlled environment before taking the bullets to the range.

4. Shooting:

- Load the cartridges into your firearm as per the manufacturer's instructions.
- Ensure the firearm is pointed in a safe direction before firing.

- Follow all firearm safety protocols while shooting.

Disposal Instructions

- Dispose of any unused or damaged bullets according to local regulations.
- Do not throw bullets in regular trash. Contact local waste management for guidance on hazardous materials.
- Store any expired or unwanted ammunition in a secure location until proper disposal can be arranged.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 6.5MM Hybrid Boat Tail Bullets, please refer to the manufacturer's official website or contact their customer service for assistance. It is essential to have access to support for any productrelated issues.

By adhering to these guidelines and precautions, you can ensure a safer and more enjoyable shooting experience with your 6.5MM Hybrid Boat Tail Bullets. Always prioritize safety and be aware of your surroundings while handling and shooting.
