

MATCHKING 6.5MM (0.264") BULLETS - SIERRA BULLETS

MATCHKING 6.5MM (.264") 150GR HOLLOW POINT BOAT TAIL

100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

MatchKing Bullets are the classification for Sierra's pre-eminent target bullets. The driving motivation for the design of each MatchKing bullet is accuracy. These bullets have very thin jackets drawn to an exacting concentricity standard of 0.0003 in maximum variation, and their weight is held to within \pm 0.3 grain. All MatchKing have a hollow point design with a very small meplat for high ballistic coefficient. The majority of these bullets have a boat tail shape to further minimize drag and improve ballistic coefficient. They are manufactured to the very highest quality standards. Their accuracy has been acclaimed worldwide, and they have been used to win more target competitions than all target bullets from other manufacturers combined. While they are recognized around the world for record-setting accuracy, MatchKing® bullets are not recommended for most hunting applications.

Attributes

- Name: [SIERRA BULLETS MATCHKING 6.5MM \(.264"\) 150GR HOLLOW POINT BOAT TAIL 100/BOX](#)
- Manufacturer: [SIERRA BULLETS](#)
- Product no.: 749013975

MATCHKING 6.5MM (0.264") BULLETS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing Sierra's MatchKing 6.5MM (0.264") Bullets. These bullets are designed for precision shooting and competitive target practice. It is essential to follow safety guidelines to ensure safe handling and usage. This document outlines the necessary safety instructions in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle ammunition with care. Treat every bullet as if it were live.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized users.
- Use only in firearms that are specifically designed for 6.5MM (0.264") ammunition.
- Ensure that your firearm is in good working condition before use.
- Always wear appropriate safety gear, including eye and ear protection, when shooting.

Specific Safety Precautions for Use

• Potential Hazards:

- Misfire: A bullet may not fire as expected. If this occurs, wait at least 30 seconds before handling the firearm again.
- Overpressure: Using incorrect loads or reloading can cause excessive pressure, leading to firearm damage or injury.

• Avoiding Hazards:

- Always follow the manufacturer's loading guidelines.
- Do not exceed recommended loads for your firearm.
- Inspect bullets for any visible damage before use.
- Do not mix different types or brands of ammunition in the same box.

• AgeSpecific Warnings:

- This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised by a responsible adult at all times.

Instructions for Installation and Usage

• Installation:

- Ensure your firearm is unloaded before inserting bullets.
- Follow the manufacturer's instructions for loading bullets into your specific firearm model.

• Usage:

- Always point the firearm in a safe direction.
- Keep your finger off the trigger until ready to shoot.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow local laws and regulations regarding shooting and ammunition use.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular household waste.
- Contact local authorities or hazardous waste disposal services for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MatchKing 6.5MM (0.264") Bullets, please contact the relevant authorities or your local dealer for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with Sierra's MatchKing 6.5MM (0.264") Bullets. Always prioritize safety and compliance with regulations for the best shooting experience. Thank you for your attention to these important guidelines.
