

30 CALIBER (0.308") 200GR MATCHKING HPBT BULLETS - SIERRA BULLETS 30 CALIBER (0.308") 200GR HOLLOW POINT BT 500BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Optimized to Get the Full Benefit of Your Target Rifle's Accuracy Potential

MatchKing .308 200 grain hollow point boattail bullets (HPBT) from Sierra deliver the kind of accuracy and extreme long-range performance serious rifle shooters demand from precision ammo. Each MatchKing .308 has a sleek, elongated ogive and a precision-formed meplat that produce a high ballistic coefficient, optimal wind resistance, and superb velocity retention. To ensure precise bullet-to-bore alignment, the bearing surface/ogive junction is the 1.5 degree angle used on match rifle chamber throats. Optimized for long-range accuracy Weight retention to within +/- 0.3 grain Requires 1-9" or faster rifling twist Available in 100 and 500 count boxes Sierra MatchKing .308 200 grain HPBT bullets are the Gold Standard for competition projectiles. These are bullets that'll bring a smile of satisfaction to the face of any precision rifle shooters!

Safety Instruction Guide for 30 Caliber (0.308") 200GR MatchKing HPBT Bullets

Introduction

Thank you for choosing the Sierra 30 Caliber (0.308") 200GR MatchKing HPBT Bullets. These precision bullets are designed for serious rifle shooters seeking accuracy and longrange performance. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat every bullet as if it is loaded.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when handling and shooting.
- Never exceed the recommended load data provided by the manufacturer.
- Be aware of your surroundings and ensure a safe shooting environment.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that your firearm is compatible with .308 caliber ammunition.
- Always follow the manufacturer's instructions for your specific firearm.
- Inspect bullets for any signs of damage before use.
- Avoid using bullets that have been submerged in water or exposed to extreme conditions.
- Do not attempt to modify or alter the bullets in any way.
- Be cautious of potential ricochet hazards in your shooting area.
- Use proper shooting techniques to minimize the risk of injury.

Instructions for Installation and Usage

1. Preparation:

- Verify that your firearm is unloaded and in a safe condition.
- Gather all necessary equipment, including your firearm, ammunition, and safety gear.

2. Loading the Firearm:

- Follow the specific loading instructions provided by your firearm manufacturer.
- Load bullets into the magazine or chamber as per the guidelines.

3. Shooting:

- Position yourself in a stable shooting stance.
- Aim at the target while ensuring a clear line of sight and safe backdrop.
- Squeeze the trigger gently to fire the bullet, avoiding jerking motions.

4. PostShooting:

- After shooting, ensure the firearm is unloaded and stored safely.
- Clean your firearm according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the Sierra 30 Caliber (0.308") 200GR MatchKing HPBT Bullets, please reach out to the appropriate local authorities or your point of purchase.

By following these safety instructions, you can help ensure a safe and enjoyable shooting experience. Always prioritize safety and responsibility when handling ammunition. Thank you for your attention to these important guidelines.
