

# X-DIE SMALL BASE SIZER DIE SETS - RCBS 308 WINCHESTER SMALL BASE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Small Base Sizer Dies are usually required for reloading ammunition to be used in automatic, semi-automatic, pump, slide and some lever-action rifles. These dies size the body of cases somewhat smaller in diameter and also set the shoulder back slightly more than a Full-Length Sizer Die to ensure proper functioning in the actions of these rifles. Small Base Die Sets not recommended for ammunition used in bolt-action rifles. Small Base Set contains Small Base Sizer with ExpanderDecapping Unit and Regular Seater Die with Seater Plug.

# **XDIE SMALL BASE SIZER DIE SETS RCBS 308 WINCHESTER SMALL BASE DIE SET Safety Instruction Guide**

## **Introduction**

Thank you for choosing the XDIE Small Base Sizer Die Sets RCBS 308 Winchester Small Base Die Set. This guide provides essential safety instructions to ensure safe handling and usage of your die set. Please read and understand these guidelines before using the product.

## **General Safety Guidelines**

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep the work area clean and organized to prevent accidents.
- Store the die set in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Regularly inspect the die set for any signs of damage or wear before use.

## **Specific Safety Precautions for Use**

- Only use the Small Base Sizer Die with compatible cartridges (308 Winchester).
- Do not attempt to modify the die set or use it for any purpose other than reloading specified ammunition.
- Ensure that the die is properly installed in the reloading press before use.
- Always follow the manufacturer's instructions for reloading procedures.
- Handle all components of the reloading process with care to prevent accidental discharge.
- Be aware of the potential hazards associated with reloading, including exposure to lead and gunpowder fumes.
- If you experience any malfunctions or abnormalities during use, cease operation immediately and consult a qualified professional.

## **Instructions for Installation and Usage**

### **1. Installation of the Die Set:**

- Ensure the reloading press is securely mounted on a stable surface.
- Remove the die set from its packaging and inspect for any damage.
- Install the Small Base Sizer Die into the reloading press according to the manufacturer's instructions.
- Attach the ExpanderDecapping Unit to the die as per the guidelines.
- Secure the Regular Seater Die with Seater Plug in the press for seating operations.

### **2. Usage of the Die Set:**

- Prepare your cases by cleaning and inspecting them.
- Begin the reloading process by resizing the cases using the Small Base Sizer Die.
- Follow the specific reloading recipe for powder and bullet type as recommended.
- Monitor the process closely and ensure that all components are functioning correctly.
- After reloading, store the finished ammunition in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any unused or expired components of the die set in accordance with local regulations.
- Follow local guidelines for the disposal of lead and gunpowder residues.
- Do not throw away ammunition or reloading components in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the product, please refer to the manufacturer's customer service resources. Ensure that you have the product details available for reference.

By adhering to these safety instructions, you can ensure a safe and efficient reloading experience with the XDIE Small Base Sizer Die Sets RCBS 308 Winchester Small Base Die Set. Always prioritize safety and follow best practices during the reloading process. Thank you for your attention to these guidelines.
