# MOULD MALLET Safety Instructions

## Introduction

Thank you for choosing the RCBS Mould Mallet. This product has been designed to safely assist you in tapping out your cast lead bullets from moulds without causing damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure the mallet is used only for its intended purpose.
- Always inspect the mallet for any damage before use. Do not use if damaged.
- Store the mallet in a dry place, away from moisture and extreme temperatures.
- Keep the mallet out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the mallet only on moulds designed for casting lead bullets.
- Avoid using excessive force when tapping; gentle taps are sufficient.
- Do not use the mallet on metal surfaces or with metal objects to prevent damage.
- Wear safety glasses to protect your eyes from any potential debris.
- Ensure your work area is clear of obstacles and distractions while using the mallet.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your casting area is clean and organized.
- Gather all necessary tools and materials before starting.

### 2. Using the Mould Mallet:

- Hold the mallet firmly by the handle.
- Position the mould securely on a stable surface.
- Gently tap the mould with the mallet to dislodge the cast lead bullets. Start with light taps and increase force only if necessary.
- Avoid hitting the mould directly with sharp or pointed objects.

### 3. After Use:

- Clean the mallet with a dry cloth to remove any lead residue.
- Store the mallet in a safe location to prevent accidental damage.

## Disposal Instructions

- Dispose of the mallet according to local regulations for wooden products.
- If the mallet is damaged beyond repair, consider recycling the wood if possible.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the RCBS Mould Mallet, please reach out to the designated EU contact point for assistance.

By following these guidelines, you can ensure the safe use of the RCBS Mould Mallet and maintain the integrity of your bullet moulds. Thank you for prioritizing safety in your casting activities.
