

BULLET LUBRICANT - RCBS RIFLE BULLET LUBE HOLLOW

[Reloading](#) > [Bullet Casting](#) > [Bullet Lubricant](#)

RCBS Bullet Lubricant fits the Lube-A-Matic Sizer/Lubricator and most others that use a hollow stick lubricant. It's a non-toxic, temperature resistant blend, developed in cooperation with top-rated competition cast-bullet shooters. RCBS' rifle bullet lubricant is a blend of Alox and beeswax, formulated to NRA specifications. Works fine for pistol bullets. Rifle Lube for outdoor use only.

Attributes

BULLET LUBRICANT RCBS RIFLE BULLET LUBE HOLLOW Safety Instruction Guide

Introduction

Thank you for choosing the RCBS Bullet Lubricant. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Always keep the product out of reach of children and pets.
- Use the product only for its intended purpose, which is for lubricating rifle and pistol bullets.
- Store the lubricant in a cool, dry place away from direct sunlight and heat sources.
- Follow local regulations for disposal of lubricants and chemical products.
- In case of accidental ingestion or contact with eyes, seek medical assistance immediately.

Specific Safety Precautions for Use

- Ensure adequate ventilation when using the lubricant to avoid inhalation of fumes.
- Avoid contact with skin; if contact occurs, wash the affected area with soap and water.
- Do not use the lubricant near open flames or heat sources, as it is flammable.
- Always wear gloves when handling the lubricant to prevent skin irritation.
- If you experience any adverse reactions, discontinue use immediately and consult a medical professional.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your LubeAMatic Sizer/Lubricator is clean and free from old lubricant.
- Remove any existing lubricant from the sizer/lubricator prior to application.

2. Loading the Lubricant:

- Insert the RCBS Bullet Lubricant stick into the LubeAMatic Sizer/Lubricator according to the manufacturer's instructions.
- Ensure that the lubricant is properly seated and secured in place.

3. Lubrication Process:

- Adjust the sizer/lubricator settings according to the specifications for the bullets you are using.
- Begin the lubrication process by operating the sizer/lubricator as directed in its manual.
- Monitor the lubrication process to ensure even coverage on the bullets.

4. PostUse Care:

- Clean any excess lubricant from the sizer/lubricator after use to maintain its functionality.
- Store the unused lubricant in its original container with the lid tightly closed.

Disposal Instructions

- Dispose of any unused or expired lubricant in accordance with local regulations for hazardous waste.
- Do not pour lubricant down drains or throw it in regular trash.
- Contact your local waste management facility for guidance on safe disposal options.

Contact Information for Further Support

For safety inquiries or additional information regarding the product, please refer to the manufacturer's contact details provided on the product packaging or visit the official website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the RCBS Bullet Lubricant. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for your attention to these important safety measures.
