

# NECK EXPANDER DIE PLUGS - RCBS NECK EXPANDER PLUG .284"

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

To eliminate deforming the base and shaving lead off the sides of your lead rifle bullets during seating. RCBS strongly recommends using their Neck Expander Die. In one step, the neck expander die expands the neck and slightly flares the case mouth of your bottle neck cases. This is the expander plug only, to be used with the body die.

# NECK EXPANDER DIE PLUGS Safety Instruction Guide

## Introduction

Thank you for choosing the NECK EXPANDER DIE PLUGS RCBS NECK EXPANDER PLUG .284". This product is designed to enhance the performance of your reloading process by expanding the neck and slightly flaring the case mouth of bottle neck cases. This safety instruction guide provides essential information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe products or incidents to local authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the NECK EXPANDER DIE PLUGS only with compatible RCBS body dies.
- Ensure that the work area is clean and free from distractions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling lead and reloading materials.
- Avoid inhaling lead dust and ensure proper ventilation in your work area.
- Do not exceed the recommended load specifications for your equipment.
- Handle all reloading components with care to avoid accidental spills or exposure.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted to a stable work surface.
- Remove the existing die from the press if applicable.
- Insert the NECK EXPANDER DIE PLUG into the appropriate RCBS body die.
- Tighten the die securely to prevent movement during use.

### 2. Usage:

- Prepare your bottle neck cases by ensuring they are clean and free from debris.
- Insert the case into the shell holder of your reloading press.
- Slowly lower the ram to engage the neck expander die, allowing it to expand the neck and flare the case mouth.
- Inspect the case after expansion to ensure proper fit and flaring.
- Repeat the process for all cases as needed.

### 3. PostUse:

- After use, clean the die and plug to remove any lead residue.
- Store the NECK EXPANDER DIE PLUGS in a safe and dry location, away from children and unauthorized users.

## Disposal Instructions

- Dispose of any lead waste and used components in accordance with local regulations.
- Do not dispose of lead materials in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding the NECK EXPANDER DIE PLUGS or safety concerns, please reach out to the appropriate consumer safety contact in your region. Ensure that you have the product details ready for reference.

By following these safety instructions, you can ensure a safe and effective reloading experience with your NECK EXPANDER DIE PLUGS RCBS NECK EXPANDER PLUG .284". Thank you for your attention to safety and compliance.
