

WFT 2 TRIMMER - LITTLE CROW GUNWORKS. 243 WSSM TRIM CHAMBER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The WFT 2 is the next generation of WFT trimmers. The two main improvements are the ability to trim up to 45 caliber and interchange trim chambers. The WFT 2 has a half inch shaft and requires a half inch chuck to drive it. The feature most customers asked for was the ability to interchange trim chambers. Instead of press fitting the trim chambers, like the original WFT, the trim chambers on the WFT 2 are a slight slip fit in bearing with a groove cut for an O-ring which creates a press fit. Changing out trim chambers is accomplished by removing the cutter and pushing out the trim chamber with the knock-out dowel that is provided. Installing the trim chamber is accomplished by setting the trim chamber on a flat surface and steadily pushing the housing onto the trim chamber. Setting the cutter depth is easily adjusted by placing a "master case" in the trim chamber and sliding the cutter up to the case mouth and tightening down the set screws. Trimming is just as precise and clean as with our original trimmer. The trim chamber selection on the WFT 2 is by specific cartridge, but still trims by case family-just order the largest chamber in the family that you intend to trim. This unit and its inserts do not chamfer or deburr the case mouth of the cartridge case as it is trimmed. If you can't find the cartridge you need, please contact our Special Order Department at 800-741-0015

Attributes

- Name: [LITTLE CROW GUNWORKS. 243 WSSM TRIM CHAMBER](#)
- Manufacturer: [LITTLE CROW GUNWORKS.](#)
- Product no.: 749014422
- Mfr. No.: LCG-WFT2-243 WSSM

WFT 2 Trimmer Safety Instruction Guide

Introduction

Thank you for choosing the WFT 2 Trimmer by Little Crow Gunworks. This guide provides essential safety information and instructions for the proper use, installation, and disposal of your trimmer. Following these guidelines will help ensure safe operation and maximize the longevity of your product.

General Safety Guidelines

- Always read and understand the user manual before using the trimmer.
- Ensure that the trimmer is used in a wellventilated area.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Inspect the trimmer for any damage before each use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Do not modify the trimmer in any way. Unauthorized modifications can lead to unsafe conditions.
- Be aware of your surroundings when operating the trimmer to avoid accidents.

Specific Safety Precautions for Use

- Ensure the trimmer is securely attached to the appropriate halfinch chuck before operation.
- Always use the provided knockout dowel to change trim chambers safely.
- Keep hands and other body parts clear of the cutter during operation.
- Do not attempt to trim cases that are not compatible with the specific trim chamber used.
- Do not operate the trimmer while fatigued or under the influence of substances that may impair your judgment.
- If you experience any unusual sounds or vibrations during operation, stop immediately and inspect the trimmer.

Instructions for Installation and Usage

Installation

1. Place the trimmer on a stable, flat surface.
2. Attach the trimmer to a halfinch chuck securely.
3. Ensure the cutter is properly installed before use.

Usage

1. Select the appropriate trim chamber for the cartridge you intend to trim.
2. Insert the cartridge case into the trim chamber.
3. Adjust the cutter depth by placing a master case in the trim chamber and sliding the cutter to the case mouth. Tighten the set screws to secure the cutter in place.
4. Power on the trimmer and proceed to trim the cartridge case.
5. After trimming, remove the trimmed case and inspect it for quality.
6. Follow the proper procedure to change trim chambers by removing the cutter and using the knockout dowel.

Disposal Instructions

- Dispose of the trimmer and any associated components in accordance with local regulations.
- Do not dispose of the trimmer in regular household waste if it contains electronic components.
- Check with local authorities for recycling options for electronic devices.

Contact Information for Further Support

For safety inquiries or additional support, please contact your local distributor or the manufacturer directly. Ensure you have your product details ready for a more efficient response.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your WFT 2 Trimmer. Thank you for your attention to safety and for choosing Little Crow Gunworks.
