Safety Instruction Guide for MICROADJUST BULLET SEATERS

Introduction

Thank you for choosing the MICROADJUST BULLET SEATERS from Sinclair International. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a bullet seating die.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the product for any visible damage before use.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when using reloading equipment.
- Do not exceed the recommended bullet seating depth adjustments.
- Ensure that the die is securely mounted before making adjustments.
- Avoid distractions while using the product to maintain focus and ensure safety.
- Use caution when handling components that may be sharp or have moving parts.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and properly set up.
- Carefully remove the MICROADJUST BULLET SEATER from its packaging.
- Attach the bullet seating die to your reloading press following the manufacturer's instructions.
- Tighten securely to prevent movement during use.

2. Usage:

- Adjust the seating depth by turning the die body to achieve the desired depth.
- Use the graduated scale for repeated use with different bullets and seating depths.
- Make adjustments in increments of .0005" for precise bullet seating.
- After making adjustments, ensure that the die is locked in place before proceeding with reloading.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local waste disposal regulations.
- If the product is no longer usable, follow local guidelines for disposal of metal and nonmetal components.
