# Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

## Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die to ensure a safe reloading experience.

## General Safety Guidelines

- Always ensure that the work area is clean and organized to prevent accidents.
- Use safety glasses to protect your eyes while reloading.
- Keep the die out of reach of children and unauthorized users.
- Do not use the die for any purpose other than its intended use.
- Ensure that you are familiar with the reloading process and the specific requirements for the 6mm ARC cartridge.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The die may produce sharp edges; handle with care.
  - Improper use can lead to misfires or inconsistent bullet seating.
- **Avoiding Hazards:**
  - Always doublecheck the settings before seating a bullet.
  - Do not exceed the recommended load specifications for the cartridge.
  - Ensure that the Arbor Press is properly secured before use.
- **Age Restrictions:**
  - This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised by a responsible adult during use.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die into the Arbor Press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.

### 2. Usage:

- Adjust the micrometer top to the desired bullet seating depth using the scale in 0.001" increments.
- Place the cartridge case in the Arbor Press and align it with the die.
- Insert the bullet into the case mouth, ensuring it is positioned correctly.
- Slowly and steadily press down on the Arbor Press handle to seat the bullet.
- Check the bullet seating depth with a caliper to ensure accuracy.

### 3. PostUsage:

- After use, clean the die to remove any residue or debris.
- Store the die in a safe, dry location away from children.

## **Disposal Instructions**

- Dispose of any damaged or wornout components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of ammunition or reloading components in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the L.E. Wilson Micrometer Top Bullet Seater Die, please refer to the manufacturer's contact information included in the product packaging. Ensure that you report any unsafe product conditions or accidents to the appropriate authorities.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with the L.E. Wilson Micrometer Top Bullet Seater Die. Always prioritize safety and adhere to local regulations when handling ammunition and reloading equipment. Thank you for your attention to these important safety measures.
