

# ACCUBOND LONG RANGE 6.5MM (0.264') SPITZER BULLETS - NOSLER ACCUBOND LR 6.5MM (0.264") SPITZER BT 142GR 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The design of the AccuBond®-LR allows for the highest B.C. possible in a bullet of the same caliber and weight. Designed with an optimum performance window ranging from 3,200fps to 1,300fps, the unique tapered jacket geometry and proprietary bonding process of the AccuBond®-LR allow it to expand rapidly for effective energy transfer and significant tissue damage while retaining sufficient weight to ensure deep penetration into the vitals. The AccuBond® bonding process allows the AccuBond®-LR to perform reliably on game throughout the entire velocity range, eliminating the problem of being "too close" often encountered with other high-B.C. bullets. The high-performance boat tail, long ogive, and polymer tip combine to make the AccuBond®-LR the sleekest, flattest- shooting, bonded, hunting bullet ever created. The ogive of the AccuBond®-LR is designed to provide excellent accuracy in a wide variety of firearms without the necessity of being loaded close to or in contact with the lands. The AccuBond®-LR will be packaged in 100 count boxes, and will initially be available in the following calibers and weights.

## Attributes

- Name: [NOSLER ACCUBOND LR 6.5MM \(0.264"\) SPITZER BT 142GR 100/BOX](#)
- Manufacturer: [NOSLER](#)

# ACCUBOND LONG RANGE 6.5MM SPITZER BULLETS CONSUMER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ACCUBOND LONG RANGE 6.5MM (0.264") SPITZER BULLETS by Nosler. This guide provides important safety instructions to ensure the safe handling and use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read these instructions carefully before using the bullets.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of these bullets by following all guidelines. This product is designed for use in firearms and should only be used as intended.
- **Enhanced Recalls:** Stay informed about any recalls. If a recall notice is issued, follow the instructions provided for returning or disposing of the product.
- **Online Shopping:** If purchased online, ensure the seller complies with EU safety requirements.
- **Special Consumer Focus:** Extra precautions should be taken when handling these bullets, especially around children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please contact the designated EU safety contact.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Handling:** Always handle bullets with care. Treat all ammunition as if it is live and loaded.
- **Storage:** Store bullets in a cool, dry place away from direct sunlight and moisture. Keep out of reach of children.
- **Transportation:** When transporting bullets, ensure they are secured in a proper container to prevent accidental discharge.
- **Use in Firearms:** Only use these bullets in firearms that are specifically chambered for 6.5mm (0.264") cartridges.
- **Personal Protective Equipment (PPE):** Wear safety glasses and hearing protection when using firearms loaded with these bullets.
- **Check for Damage:** Before use, inspect bullets for any visible damage. Do not use damaged bullets.

## Instructions for Installation and Usage

- **Loading:**
  - Follow the firearm manufacturer's guidelines for loading ammunition.
  - Ensure the bullet is seated properly in the cartridge case.
- **Firing:**
  - Always be aware of your surroundings and ensure a safe backstop before firing.
  - Never point a firearm at anything you do not intend to shoot.
- **Cleaning:**
  - Clean your firearm regularly according to the manufacturer's instructions to ensure optimal performance and safety.
- **Disposal:**

- Dispose of any unused or damaged bullets in accordance with local regulations. Do not throw them in regular trash.
- Contact local authorities for guidance on safe disposal methods.

## Disposal Instructions

- **Unused Bullets:** Return unused bullets to the point of purchase or a designated hazardous waste facility.
- **Damaged Bullets:** Follow local regulations for disposing of damaged or defective ammunition. Do not attempt to disassemble bullets.
- **Environmental Considerations:** Ensure disposal methods are environmentally friendly and comply with local laws.

## Contact Information for Further Support

For any inquiries regarding the safety and handling of ACCUBOND LONG RANGE 6.5MM SPITZER BULLETS, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can help ensure the safe and effective use of your ACCUBOND LONG RANGE 6.5MM SPITZER BULLETS. Always prioritize safety and responsible handling practices.
