# Safety Instruction Guide for RCBS Decapping Assembly for 2745 Cal Heavy Duty Decap Dies

## Introduction

Thank you for choosing the RCBS Decapping Assembly for 2745 Cal Heavy Duty Decap Dies. This product is designed to efficiently remove military primercrimped cases larger than 27 caliber prior to cleaning. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the decapping assembly in a wellventilated area.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the decapping assembly.
- Keep the decapping assembly out of reach of children and unauthorized users.
- Regularly inspect the decapping assembly for any signs of damage or wear before use.
- Do not use the decapping assembly for any purpose other than its intended use.
- Report any unsafe products or accidents to relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the decapping assembly is securely attached to your reloading press before use.
- Do not exceed the recommended caliber size for the decapping assembly.
- Avoid placing your fingers or any body parts near the decapping mechanism during operation.
- If the decapping assembly becomes jammed, do not force it; instead, refer to the troubleshooting section of your reloading press manual.
- Always follow the manufacturer's instructions for the specific reloading press being used in conjunction with the decapping assembly.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is turned off and unplugged.
- Attach the decapping assembly to the reloading press according to the manufacturer's instructions.
- Secure the assembly tightly to prevent movement during operation.

### 2. Usage:

- Prepare the military primercrimped cases by ensuring they are clean and free from debris.
- Place the case into the decapping assembly following the manufacturer's guidelines.
- Engage the reloading press to begin the decapping process.
- Monitor the operation closely, ensuring that all safety precautions are followed.
- Once the decapping process is complete, remove the case from the assembly and inspect for any damage.

## Disposal Instructions

- Dispose of any damaged or worn parts of the decapping assembly in accordance with local regulations.
- Recycle any metal components where possible.
- Ensure that all materials are disposed of in a safe and environmentally friendly manner.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS Decapping Assembly for 2745 Cal Heavy Duty Decap Dies, please refer to the manufacturer's customer support resources.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
