

VLD DEBURRING TOOL W/HANDLE - RCBS VLD CHAMFER TOOL W/HANDLE

[Reloading](#) > [Case Preparation](#) > [Case Mouth Chamfering](#)

The increasing popularity of VLD style bullets has led RCBS to offer a 22 degree VLD Debur tool. The 22 degree angle allows the bullet to be seated into the case without damaging the boat-tail and tuining accuracy. The VLD debur tool can be used as is, attached to a RCBS Accessory Handle or mounted on the Trim Mate Case Prep Center.

VLD Deburring Tool Safety Instruction Guide

Introduction

Thank you for choosing the VLD Deburring Tool with Handle by RCBS. This tool is designed to enhance your reloading experience by providing precision deburring for VLD style bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before use. Do not use if damaged.
- Use personal protective equipment (PPE) such as safety glasses to protect your eyes during use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the work area is clean and free from clutter before beginning.
- Always use the tool in a welllit environment.
- Do not apply excessive force when using the tool; let the tool do the work.
- Avoid wearing loose clothing or accessories that may get caught in the tool.
- Do not attempt to modify the tool in any way.
- Always handle the tool with care to avoid injury from sharp edges.

Instructions for Installation and Usage

1. Installation:

- If using with an RCBS Accessory Handle, securely attach the VLD Deburring Tool to the handle.
- Ensure that the attachment is tight and stable before use.
- If mounting on the Trim Mate Case Prep Center, follow the specific instructions provided with that device.

2. Usage:

- Hold the tool firmly by the handle.
- Position the bullet so that the boattail is aligned with the deburring tool.
- Gently insert the bullet into the tool and rotate it to deburr the edge.
- Check the bullet periodically to ensure an even deburr.
- Once finished, remove the bullet carefully, avoiding contact with sharp edges.

Disposal Instructions

- Dispose of the tool in accordance with local regulations regarding metal products.
- Do not dispose of the tool in regular household waste if it is damaged or no longer usable.
- Consider recycling the tool if possible to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding the VLD Deburring Tool, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience with the VLD Deburring Tool!
