TRIM PRO 2 CASE TRIMMER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the TRIM PRO 2 CASE TRIMMER. This manual provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this guide carefully before using the trimmer to avoid any potential hazards.

General Safety Guidelines

- Ensure the trimmer is used only for its intended purpose of trimming cartridge cases.
- Always read and follow the manufacturer's instructions before use.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Inspect the trimmer before each use to ensure it is in good working condition.
- Do not modify the trimmer in any way.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Use the trimmer in a welllit and clean workspace to avoid accidents.
- Be aware of your surroundings and ensure no one is in close proximity while operating the trimmer.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before using the trimmer, ensure that the shell holder is properly secured to prevent cases from slipping during trimming.
- Always check the case fit before trimming to avoid damage to the trimmer and ensure safety.
- Do not attempt to trim cases that exceed the specified diameter range of .250" to .625".
- Use the appropriate pilot for the case being trimmed to achieve accurate results.
- Avoid wearing loose clothing or accessories that could get caught in the trimmer.
- Do not operate the trimmer if you are tired or under the influence of drugs or alcohol.
- Keep hands and other body parts clear of the cutting area while the trimmer is in operation.
- If the trimmer becomes jammed or malfunctions, turn it off and disconnect it before attempting to clear the jam.

Instructions for Installation and Usage

1. Unpacking the Trimmer:

- Carefully remove the trimmer and all components from the packaging.
- Inspect all parts for any signs of damage or missing components.

2. Setting Up the Trimmer:

- Place the trimmer on a stable and flat surface.
- Ensure that the springloaded shell holder is properly installed and functioning.

3. Adjusting Trim Length:

- Use the coarse adjustment knob to set the initial trim length.
- Finetune the trim length using the fine adjustment bushing with .001" micrometer markings.

4. Loading the Case:

- Select the appropriate pilot for the case size.
- Insert the case into the springloaded shell holder, ensuring it is securely locked in place.

5. Trimming the Case:

- With both hands, hold the trimmer securely and activate the cutting mechanism.
- Trim the case until the desired length is achieved, checking frequently for accuracy.

6. Cleaning and Maintenance:

- After use, clean the trimmer to remove any debris or residue.
- Store the trimmer in a dry and safe place, away from children and pets.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the trimmer reaches the end of its life, follow local disposal guidelines for electronic waste.
- Do not dispose of the trimmer in regular household waste.

Contact Information for Further Support

For any safety inquiries or support regarding the TRIM PRO 2 CASE TRIMMER, please refer to the manufacturer's contact details provided in the product packaging or on their official website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the TRIM PRO 2 CASE TRIMMER. Always prioritize safety and adhere to the guidelines set forth in this manual. Thank you for your attention and happy trimming!
