

# M1000 MECHANICAL SCALE - RCBS M1000 MECHANICAL SCALE

[Reloading](#) > [Powder Handling](#) > [Powder Scales](#)

The M1000 mechanical scale gives users 1,000-grain capacity with +/- 0.1-grain accuracy, plus right or left-handed operation. It offers magnetic damping for fast readings and maintenance-free movement. A metal tip-proof pan makes loading easy.

## Attributes

- Name: [RCBS M1000 MECHANICAL SCALE](#)
- Manufacturer: [RCBS](#)
- Product no.: 749015687
- Mfr. No.: 98916
- Delivery weight: 0.816kg
- Shipping height: 135mm
- Shipping width: 356mm
- Shipping length: 97mm
- UPC: 076683989161

# M1000 Mechanical Scale Safety Instruction Guide

## Introduction

Thank you for choosing the RCBS M1000 Mechanical Scale. This guide provides essential safety instructions to ensure the safe and effective use of your scale. Please read through this document carefully before using the product.

## General Safety Guidelines

- Ensure that the scale is used only for its intended purpose, which is measuring powder and similar materials.
- Keep the scale out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the scale for any signs of damage or wear. If any issues are identified, discontinue use immediately.
- Avoid using the scale in damp or wet environments to prevent electrical hazards.
- Do not overload the scale beyond its maximum capacity of 1,000 grains.
- Ensure the scale is placed on a stable and level surface to guarantee accurate measurements.

## Specific Safety Precautions for Use

- **Magnetic Damping:** The scale features magnetic damping for quicker readings. Ensure that the damping mechanism is functioning properly before use.
- **Loading Pan:** Use the provided metal tipproof pan for loading materials. Avoid direct contact with the weighing surface to maintain accuracy.
- **Calibration:** Regularly calibrate the scale to ensure accuracy. Follow the manufacturer's instructions for calibration procedures.
- **Handling:** Handle the scale with care. Avoid dropping or jarring the scale during use or transport.
- **Cleaning:** Clean the scale with a dry cloth. Do not use abrasive materials or liquids that could damage the scale.

## Instructions for Installation and Usage

### 1. Placement:

- Choose a flat, stable surface to place the scale.
- Ensure the area is free from drafts and vibrations.

### 2. Setup:

- Unpack the scale and check for all parts, including the metal pan.
- Place the pan on the scale's weighing platform.

### 3. Calibration:

- Before first use, calibrate the scale according to the manufacturer's instructions.
- Use a calibration weight that matches the scale's capacity.

### 4. Weighing:

- Turn on the scale and allow it to stabilize.
- Add the material to be weighed into the metal pan.
- Read the measurement displayed on the scale.

### 5. PostUse:

- After weighing, remove the pan and clean the scale.
- Store the scale in a dry place away from direct sunlight.

## **Disposal Instructions**

- Dispose of the scale in accordance with local regulations regarding electronic waste.
- Do not dispose of the scale in regular household waste.
- If the scale is no longer functional, consider recycling components where possible.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the M1000 Mechanical Scale, please consult the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your RCBS M1000 Mechanical Scale. Thank you for your attention to safety.
