

# ADJUSTABLE PROFILE CRIMP DIES - REDDING 44 SPECIAL/MAGNUM ADJUSTABLE PROFILE CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Redding Micrometer Adjustable Profile Crimping Dies are top adjusting to simplify making precise adjustments because any variation in case length and wall thickness both adversely affect proper adjustment. Traditional Profile Crimp Die adjustment is both time consuming and imprecise due to the coarse 7/8 - 14 pitch die threads and the need to re-position the lock ring, this is especially important to users of progressive reloading presses with tight space constraints. The Micrometer Adjustable Crimping Dies have a knurled micrometer barrel situated on the top of the die for easy access and provides approximately  $\pm .100$ " of "on-the-fly" adjustment in .001" increments.

## Attributes

- Name: [REDDING 44 SPECIAL/MAGNUM ADJUSTABLE PROFILE CRIMP DIE](#)
- Manufacturer: [REDDING](#)
- Product no.: 749015842
- Mfr. No.: 31286
- Cartridge: 44 Magnum,44 Special
- Delivery weight: 0.454kg
- Shipping height: 41mm
- Shipping width: 57mm
- Shipping length: 133mm
- UPC: 611760312861

# Safety Instruction Guide for Redding Adjustable Profile Crimp Die

## Introduction

Thank you for choosing the Redding Adjustable Profile Crimp Die for your reloading needs. This guide is designed to ensure safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use to understand how to operate the product safely and efficiently.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for safe operation.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- If you encounter any issues or have concerns about the product, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and hearing protection, when using reloading equipment.
- Ensure that your workspace is clean and free from obstructions to prevent accidents.
- Do not exceed the recommended load limits for the crimp die.
- Use caution when making adjustments to avoid injury from moving parts.
- Store the crimp die in a safe, dry place when not in use to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove any existing dies from the press if necessary.
- Screw the Redding Adjustable Profile Crimp Die into the press's die holder, ensuring it is tightened securely.
- Position the lock ring in place to prevent movement during operation.

### 2. Adjustment:

- Use the knurled micrometer barrel on the top of the die for easy adjustment.
- Make adjustments in small increments (0.001") to achieve the desired crimp.
- After making adjustments, check the crimp on a test case to ensure proper fit and function.

### 3. Usage:

- Insert a cartridge case into the press.
- Operate the press to apply the crimp to the case.
- Monitor the crimping process to ensure consistent results.
- Make further adjustments as necessary based on the test cases.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer functional, do not attempt to repair it. Instead, dispose of it responsibly.
- Recycle components where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Adjustable Profile Crimp Die, please refer to the contact information provided on the product packaging or visit the manufacturer's website for further support.

This safety instruction guide is essential for ensuring your safety and the effective operation of the Redding Adjustable Profile Crimp Die. Following these guidelines will help you avoid potential hazards and enhance your reloading experience. Thank you for your attention to safety.
