

# TYPE S BUSHING FULL DIES - REDDING 28 NOSLER BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

# Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 28 NOSLER BUSHING FULL LENGTH TYPE S DIE

## Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 28 NOSLER BUSHING FULL LENGTH TYPE S DIE. This guide provides essential safety instructions and guidelines for the proper use, handling, and disposal of this product. Please read this manual carefully to ensure safe and effective usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of reloading equipment.
- Report any unsafe conditions or accidents involving this product to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the die.
- Ensure that the workspace is clear of clutter and distractions to maintain focus during use.
- Use the die only with compatible cartridges as specified in the product description.
- Do not exceed the recommended load limits for the cartridges being used.
- Be cautious when adjusting the bushing position; ensure that the decapping rod is secure before making adjustments.
- Ensure that the die is securely mounted to the reloading press before use.
- Always follow proper reloading practices, including checking for obstructions in the die before use.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the die to your reloading press according to the manufacturer's instructions.
- Ensure that the bushing is properly installed and adjusted for your specific cartridge.

### 2. Usage:

- Begin by preparing your cartridge cases for resizing.
- Insert the cartridge case into the die, ensuring proper alignment.
- Operate the press smoothly to resize the case, making sure to maintain control throughout the process.
- After resizing, inspect the case for proper dimensions and any signs of damage.

### 3. PostUse:

- Clean the die after each use to prevent corrosion and maintain performance.
- Store the die in a dry, secure location when not in use.

## **Disposal Instructions**

- Dispose of any unused or damaged product components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the TYPE S BUSHING FULL DIES REDDING 28 NOSLER BUSHING FULL LENGTH TYPE S DIE, please consult the manufacturer's website or contact their customer service directly.
