

BODY DIES - REDDING 28 NOSLER BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

BODY DIES REDDING 28 NOSLER BODY DIE Safety Instruction Guide

Introduction

Thank you for choosing the BODY DIES REDDING 28 NOSLER BODY DIE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the body die to understand all safety precautions and usage instructions.

General Safety Guidelines

- Ensure you are familiar with the body die and its intended use.
- Always use the body die in accordance with the manufacturer's instructions.
- Keep the body die out of reach of children and vulnerable individuals.
- Inspect the body die regularly for any signs of wear or damage.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about any product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not attempt to resize cases that are excessively damaged or deformed.
- Always wear appropriate safety gear, such as safety glasses, when using the body die.
- Ensure your workspace is clean and free of obstructions to prevent accidents.
- Handle the body die with care to avoid injury from sharp edges.
- Use the body die only with compatible cartridges (28 Nosler).
- Follow the recommended procedure for using the body die to avoid improper resizing.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your reloading press is securely mounted and stable.
- Gather all necessary tools and materials, including the body die, a reloading press, and cases to be resized.

2. Installation:

- Insert the body die into the reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened securely to prevent movement during use.

3. Usage:

- Place the case to be resized into the shell holder of the reloading press.
- Raise the ram of the press to bring the case into contact with the body die.
- Lower the ram to complete the resizing process.
- Check the resized case for proper shoulder bump and fit.
- After using the body die, run the case through the neck die to achieve proper neck tension.

4. PostUse:

- Clean the body die after use to remove any debris or residue.
- Store the body die in a safe, dry place when not in use.

Disposal Instructions

- Dispose of any damaged or wornout body dies in accordance with local regulations.
- Do not dispose of the body die in regular household waste if it contains hazardous materials.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the BODY DIES REDDING 28 NOSLER BODY DIE, please reach out to your local retailer or manufacturer. Ensure you have the product details on hand for assistance.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Happy reloading!
