Safety Instruction Guide for Redding 28 Nosler Full Length Die Set

Introduction

Thank you for choosing the Redding 28 Nosler Full Length Die Set. This product is designed to help you safely and effectively resize and seat bullets for your reloading needs. It is important to follow the safety instructions outlined in this guide to ensure proper usage and to minimize any risks associated with the product.

General Safety Guidelines

- Always read and understand all instructions before using the die set.
- Keep the die set out of reach of children and pets.
- Use the die set only for its intended purpose as specified in this guide.
- Inspect the die set for any damage before each use. Do not use if damaged.
- Wear appropriate safety gear, including safety glasses, when using the die set.
- Ensure your working area is clean, dry, and welllit to prevent accidents.

Specific Safety Precautions for Use

- **Handling:** Always handle the die set with care. Avoid dropping or mishandling the components.
- **Setup:** Ensure that your reloading press is securely mounted and stable before installing the die set.
- **Sizing Die:** When using the full length sizing die, ensure that the die is properly adjusted to avoid oversizing, which may lead to unsafe ammunition.
- **Seating Die:** When using the seating die, do not exceed the recommended bullet seating depth. Always check the overall length of the cartridge after seating.
- **Powder Handling:** Avoid using excessive amounts of powder. Follow the manufacturer's guidelines for the appropriate powder charges.
- **Cleaning:** Clean the die set regularly to prevent residue buildup, which can affect performance.

Instructions for Installation and Usage

1. Installation of the Full Length Sizing Die:

- Unscrew the lock ring from the die.
- Insert the die into the reloading press and tighten the lock ring securely.
- Adjust the die to the desired height by turning it clockwise or counterclockwise.
- Lock the die in place by tightening the lock ring.

2. Installation of the Seating Die:

- Unscrew the lock ring from the seating die.
- Insert the seating die into the reloading press and tighten the lock ring securely.
- Adjust the die to the desired seating depth by turning the adjustment screw.
- Lock the die in place by tightening the lock ring.

3. Reloading Process:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert a case into the press and operate the handle to resize the case using the sizing die.
- After resizing, remove the case and insert it into the seating die.
- Place the bullet on top of the case and operate the handle to seat the bullet.
- Check the overall length of the completed cartridge to ensure it meets specifications.

Disposal Instructions

- Dispose of any damaged or worn components responsibly. Do not throw them in regular household waste.
- Follow local regulations for the disposal of metal and plastic materials.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any questions or concerns regarding the Redding 28 Nosler Full Length Die Set, please reach out to the appropriate support channels available in your region.

Conclusion

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Redding 28 Nosler Full Length Die Set. Always prioritize safety and consult this guide whenever you have questions about the product. Thank you for your attention to safety and for choosing Redding products.
