

# PREMIUM DELUXE DIE SETS - REDDING 243 WINCHESTER PREMIUM DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

# Safety Instruction Guide for Redding Premium Deluxe Die Sets

## Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides essential safety information to ensure the safe and effective use of your die set. Please read and follow these instructions carefully to avoid hazards and ensure a safe reloading experience.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that your workspace is clean, organized, and free from distractions.
- Store all reloading components, including dies, in a secure place away from children and pets.
- Follow all local laws and regulations regarding reloading and ammunition.
- Use personal protective equipment (PPE), such as safety glasses, when reloading.
- Regularly inspect your equipment for wear and damage. Replace any damaged components immediately.
- Never exceed recommended loads or specifications provided by the manufacturer.

## Specific Safety Precautions for Use

- Read all manufacturer instructions before using the die set.
- Ensure that your reloading press is securely mounted and stable before beginning work.
- Use the Carbide Size button with proper technique to avoid damaging the die.
- Adjust the Bullet Micrometer Seating Die incrementally to avoid overseating bullets.
- Keep fingers and hands clear of moving parts during operation.
- Avoid using excessive force when resizing or seating bullets.
- Always doublecheck your measurements and settings before proceeding with reloading.

## Instructions for Installation and Usage

### 1. Installation of Dies:

- Ensure your reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Insert the Full Length Sizing Die with Carbide Size button into the press and tighten securely.
- Install the Bullet Micrometer Seating Die into the press, ensuring it is also tightened securely.
- Finally, install the standard Neck Sizing Die as needed.

### 2. Using the Full Length Sizing Die:

- Place a cartridge case into the shell holder.
- Raise the press handle to engage the die, resizing the case.
- Lower the handle to remove the resized case.

### 3. Using the Bullet Micrometer Seating Die:

- Place a bullet into the case mouth.
- Adjust the seating depth using the micrometer settings.
- Raise the press handle to seat the bullet into the case.
- Check the overall cartridge length to ensure it meets your specifications.

### 4. Using the Standard Neck Sizing Die:

- Insert a case into the shell holder.
- Raise the press handle to size the neck of the case.
- Lower the handle to remove the sized case.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies and components in accordance with local regulations.
- Do not throw away reloading components in regular household waste.
- Check with local authorities for specific disposal guidelines for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Redding Premium Deluxe Die Set, please reach out to the designated EU contact point provided by the manufacturer.

## **Conclusion**

Following these safety guidelines will help ensure a safe and efficient reloading process with your Redding Premium Deluxe Die Set. Always prioritize safety and do not hesitate to seek assistance if you have questions or concerns. Happy reloading!
