

# PREMIUM DELUXE DIE SETS - REDDING 6.5X55MM SWEDISH PREMIUM DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

# Safety Instruction Guide for Redding Premium Deluxe Die Sets 6.5X55mm Swedish

## Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe use of your die set in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use to avoid any accidents or injuries.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, which is reloading ammunition for the 6.5 x 55 mm Swedish Mauser cartridge.
- Always handle reloading equipment with care to prevent accidents.
- Store the die set in a dry, cool place away from direct sunlight to maintain its integrity.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage. Do not use damaged equipment.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

- Always wear safety glasses when reloading to protect your eyes from potential debris.
- Use gloves to protect your hands from sharp edges and any chemicals involved in the reloading process.
- Ensure that your workspace is clean and organized to minimize the risk of accidents.
- Avoid distractions while reloading; focus on the task at hand.
- Do not exceed the recommended load data provided by reliable sources when reloading ammunition.
- Be aware of the risks associated with reloading, including the potential for explosive reactions.

## Instructions for Installation and Usage

### 1. Unboxing the Die Set

- Carefully remove the die set from its packaging.
- Check all components: Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

### 2. Installation

- Securely mount the dies in your reloading press according to the manufacturer's instructions.
- Ensure that the Carbide Size button is properly seated in the Full Length sizing die.

### 3. Using the Full Length Sizing Die

- Insert the cartridge case into the die and operate the press to resize.
- Check for smooth operation; if resistance is felt, stop and inspect for any obstructions or misalignment.

### 4. Using the Bullet Micrometer Seating Die

- Adjust the seating depth using the micrometer feature for precise bullet placement.
- Make incremental adjustments and test the seating depth with a sample cartridge.

### 5. Using the Neck Sizing Die

- Use the Neck Sizing Die for cases that have already been fired in your specific rifle to maintain proper fit.
- Follow the same procedure as with the Full Length sizing die.

## 6. PostUse Care

- Clean the dies after use to remove any debris and prevent corrosion.
- Store the die set in its original packaging or a dedicated storage container.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of reloading materials in regular trash; check for designated disposal sites for hazardous materials.
- Recycle packaging materials where possible.

## Contact Information for Further Support

For any safety inquiries or further support regarding the Redding Premium Deluxe Die Set, please refer to the manufacturer's website or contact their customer service for assistance.

**Important Note:** This guide does not cover all possible hazards or situations. Always refer to additional resources and training for comprehensive safety practices in reloading ammunition.
