

PREMIUM DELUXE DIE SETS - REDDING 6.5MM/284 WIN (NORMA) PREMIUM DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

Safety Instruction Guide for PREMIUM DELUXE DIE SETS REDDING 6.5MM/284 WIN (NORMA) PREMIUM DELUXE DIE SET

Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Adhering to these guidelines will help prevent accidents and ensure a safe reloading experience.

General Safety Guidelines

- Always follow the manufacturer's instructions for the safe use of the die set.
- Ensure that the die set is used in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE), including safety glasses and gloves, while reloading.
- Be aware of the specific cartridge type for which the die set is designed (6.5 mm 284 Norma) and do not use it with other cartridges.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before using the die set.
- Do not force any components during the resizing or seating processes; if resistance is felt, stop and investigate the cause.
- Always doublecheck the settings on the Bullet Micrometer Seating Die to ensure accurate bullet seating depth.
- Use only recommended lubricants for resizing to avoid damaging the die set.
- Store the die set in a dry, cool place to prevent rust and corrosion.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Remove the die set from its packaging and inspect for any damage.
- Clean the die set with a soft cloth to remove any manufacturing oils.
- Install the Full Length Sizing Die with Carbide sizing button into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position for resizing by following the reloading press manual.

2. Using the Full Length Sizing Die:

- Insert the cartridge case into the reloading press.
- Apply a light coat of lubricant to the case before resizing.
- Operate the press to resize the case smoothly; do not force the handle.

3. Using the Bullet Micrometer Seating Die:

- Adjust the Bullet Micrometer Seating Die to the desired bullet seating depth.
- Place a bullet on the case mouth and operate the press to seat the bullet.
- Check the seating depth with a caliper to ensure accuracy.

4. Using the Standard Neck Sizing Die:

- Follow the same procedures as the Full Length Sizing Die, ensuring proper lubrication and adjustment.

Disposal Instructions

- Dispose of any damaged or worn components of the die set according to local regulations.
- Do not dispose of reloading materials in regular household waste; check local guidelines for hazardous materials disposal.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Redding Premium Deluxe Die Set, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Premium Deluxe Die Set. Always prioritize safety and consult the manufacturer's instructions for any specific questions or concerns. Happy reloading!
