

PREMIUM DELUXE DIE SETS - REDDING 7MM-08 REMINGTON

PREMIUM DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

Safety Instruction Guide for PREMIUM DELUXE DIE SETS REDDING 7MM08 REMINGTON PREMIUM DELUXE DIE SET

Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe use of the die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety precautions.
- Ensure that the die set is used in a wellventilated area to avoid inhaling any dust or particles.
- Keep the die set and all related equipment out of reach of children and pets.
- Regularly inspect the die set for wear or damage before each use.
- Follow local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the die set.
- Do not exceed the recommended load specifications for the 7mm08 Remington cartridge.
- Ensure that the workspace is clean and free of clutter to prevent accidents.
- Always doublecheck the adjustments of the dies before starting the reloading process.
- Be aware of potential hazards associated with the materials used in reloading, including primers and powders.

Instructions for Installation and Usage

1. Setup

- Unpack the die set carefully and check all components against the included parts list.
- Ensure that you have a clean and stable work surface for installation.

2. Installing the Dies

- Securely mount the fulllength sizing die with the carbide sizing button in your reloading press.
- Install the bullet micrometer seating die in the press, ensuring it is properly tightened.
- Place the standard neck sizing die in the press as needed for your specific reloading process.

3. Adjustments

- Adjust the fulllength sizing die to achieve the desired cartridge dimensions. Use the carbide size button for smooth resizing.
- Utilize the bullet micrometer seating die to make precise adjustments to the bullet seating depth. Incrementally adjust until the desired depth is achieved.

4. Reloading Process

- Follow standard reloading practices, including proper measurement of powder and careful handling of components.

- Regularly check the functionality of the dies during the reloading process to ensure consistent performance.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Recycle packaging materials when possible.
- Ensure that any hazardous materials are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the contact information provided on the packaging or in the accompanying documentation.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Premium Deluxe Die Set. Always prioritize safety and make informed decisions during the reloading process.
