

PREMIUM DELUXE DIE SETS - REDDING 300 WSM PREMIUM DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

PREMIUM DELUXE DIE SETS REDDING 300 WSM

Safety Instruction Guide

Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides important safety instructions to ensure the safe and effective use of your die set. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the reloading process before using this die set.
- Always wear appropriate safety gear, including safety glasses and hearing protection.
- Keep the die set and all reloading components out of reach of children and vulnerable individuals.
- Use the die set only for its intended purpose and according to the manufacturer's instructions.
- Regularly inspect the die set for signs of wear or damage before each use.
- Store the die set in a dry and secure location when not in use.

Specific Safety Precautions for Use

- Before using the die set, ensure that the reloading press is properly secured to a stable work surface.
- Do not exceed the recommended load limits for the cartridge you are reloading, as specified in reliable reloading manuals.
- Always doublecheck measurements and settings before starting the reloading process.
- Use the Carbide Size button properly to avoid damaging the die or the cartridge case.
- When adjusting the Bullet Seating Micrometer, make small incremental changes to avoid overseating the bullet.
- Keep your work area clean and organized to prevent accidents and ensure a safe reloading environment.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Secure the reloading press to a stable work surface.
- Install the Full Length Sizing Die with the Carbide sizing button into the press according to the manufacturer's instructions.
- Ensure that the die is tightened securely to avoid movement during operation.
- Install the Bullet Micrometer Seating Die and the standard Neck Sizing Die in the same manner.

2. Using the Die Set:

- Begin by resizing the cartridge cases using the Full Length Sizing Die.
- Follow up with the Neck Sizing Die if needed, ensuring proper fit for your specific firearm.
- Adjust the Bullet Seating Micrometer to the desired depth for bullet seating.
- Carefully insert the bullet into the cartridge case and operate the press to seat the bullet to the specified depth.
- Inspect each completed round for proper seating and overall quality.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the die set or any reloading components in regular household waste.
- Check with local authorities or recycling centers for proper disposal methods for metal and plastic.

materials.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Redding Premium Deluxe Die Set, please consult the manufacturer's website or reach out to your local distributor for assistance.

By following these safety guidelines and instructions, you can ensure a safe and efficient reloading experience with your Redding Premium Deluxe Die Set. Always prioritize safety and adhere to best practices in reloading. Thank you for your attention to these important safety measures.
