

# FULL LENGTH SIZER DIES - WHIDDEN GUNWORKS 6MM BR FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand-polished sizer dies have a shorter overall length for better shoulder bump back, a smaller base and tighter internal tolerances. All of their sizer dies include a shoulder datum collar to measure shoulder bump and headspace. The sizing dies also include a pin retainer should you chose to use the sizer without the expander. Wide knurling on the die make small adjustments simple while the 6-32 machine screw on the lock ring secures the die once the final adjustment is made.

## Attributes

- Name: [WHIDDEN GUNWORKS 6MM BR FULL LENGTH DIE](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)

# Safety Instruction Guide for FULL LENGTH SIZER DIES WHIDDEN GUNWORKS 6MM BR FULL LENGTH DIE

## Introduction

Thank you for choosing the Whidden Gunworks Full Length Sizer Die for your reloading needs. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the die.

## General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of the sizer die. Follow all instructions to prevent accidents.
- **Enhanced Recalls:** Stay informed about product recalls. Regularly check for updates on the EU's Safety Gate platform.
- **Online Shopping:** If purchased online, ensure the retailer complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided on the packaging or product documentation.
- **Rapid Alerts:** Be aware of any updates regarding product safety through the Safety Gate system.

## Specific Safety Precautions for Use

- Always wear protective eyewear when using reloading equipment to protect against potential injuries.
- Ensure that your workspace is clean and organized to avoid accidents.
- Be cautious when handling components, as sharp edges may cause injury.
- Do not exceed the recommended specifications for the die to prevent malfunction or accidents.
- Keep the die and all related tools out of reach of children and unauthorized users.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Carefully unpack the sizer die and ensure all components are present.
- Install the die into the reloading press according to the manufacturer's instructions.
- Use the 632 machine screw on the lock ring to secure the die once the desired height is achieved.

### 2. Usage:

- Before use, inspect the die for any damage or wear. Do not use if damaged.
- Adjust the shoulder datum collar to measure shoulder bump and headspace accurately.
- If you choose to use the sizer without the expander, ensure that the pin retainer is properly installed.
- Make small adjustments using the wide knurling on the die for precise sizing.
- After adjustments, doublecheck the lock ring to ensure the die remains secure during operation.

## Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the die becomes damaged beyond repair, dispose of it in a manner that complies with local waste

disposal regulations.

- Do not attempt to disassemble or modify the die for disposal.

## **Contact Information for Further Support**

For any questions regarding the use or safety of the Whidden Gunworks Full Length Sizer Die, please refer to the contact information provided with your product packaging or documentation.
