

FULL LENGTH SIZER DIES - WHIDDEN GUNWORKS 6X47MM LAPUA FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand-polished sizer dies have a shorter overall length for better shoulder bump back, a smaller base and tighter internal tolerances. All of their sizer dies include a shoulder datum collar to measure shoulder bump and headspace. The sizing dies also include a pin retainer should you chose to use the sizer without the expander. Wide knurling on the die make small adjustments simple while the 6-32 machine screw on the lock ring secures the die once the final adjustment is made.

Attributes

- Name: [WHIDDEN GUNWORKS 6X47MM LAPUA FULL LENGTH DIE](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)
- Product no.: 749016121

Full Length Sizer Dies Safety Instruction Guide

Introduction

Thank you for choosing the Whidden Gunworks Full Length Sizer Dies for your reloading needs. These dies are designed for precision and ease of use. This guide provides essential safety instructions to ensure safe handling and operation of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the dies out of reach of children and vulnerable individuals.
- Inspect the dies for any signs of damage or wear before use.
- Use the dies only for their intended purpose.
- Store the dies in a dry and secure location when not in use.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the die is securely attached to the reloading press before use.
- Wear appropriate safety gear, such as safety glasses and gloves, when operating the dies.
- Avoid using excessive force when adjusting the dies to prevent damage.
- Do not attempt to modify or alter the dies in any way.
- Be aware of the potential for ejected cases to become hot or sharp.
- Keep hands and other body parts clear of moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is clean and free from debris.
- Insert the Full Length Sizer Die into the press and tighten securely using the lock ring with a 632 machine screw.
- Adjust the die to the desired height for your specific cartridge.

2. Usage:

- Place a brass case into the shell holder of the press.
- Pull the handle of the press to size the case. Ensure that the die is properly positioned to achieve the correct shoulder bump and headspace.
- If using the expander, ensure it is correctly installed and functioning.
- After sizing, inspect the brass case for any signs of damage or deformation.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any damaged or worn dies in accordance with local regulations.
- Do not throw dies in regular household waste. Check with local waste management for proper disposal methods.
- Recycle materials when possible.

Contact Information for Further Support

For any questions or concerns regarding the use of the Full Length Sizer Dies, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Whidden Gunworks Full Length Sizer Dies. Thank you for your attention to safety.
