

# **BUSHING FULL LENGTH SIZER DIES - WHIDDEN GUNWORKS 6X47MM LAPUA BUSHING FULL LENGTH DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand-polished Bushing Sizer dies have a shorter overall length for better shoulder bump back, a smaller base and tighter internal tolerances. All of the sizer dies include a shoulder datum collar to measure shoulder bump and headspace. The sizing dies also include a pin retainer should you chose to use the sizer without the expander. Wide knurling on the die make small adjustments simple while the 6-32 machine screw on the lock ring secures the die once the final adjustment is made. The full length bushing die does not include the required bushing. The sizer will accept Redding or L.E. Wilson bushings.

## **Attributes**

- Name: [WHIDDEN GUNWORKS 6X47MM LAPUA BUSHING FULL LENGTH DIE](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)
- Product no.: 749016142

# Safety Instruction Guide for Bushing Full Length Sizer Dies

## Introduction

Thank you for purchasing the Bushing Full Length Sizer Dies by Whidden Gunworks for the 6x47mm Lapua cartridge. This guide provides important safety information, usage instructions, and disposal guidelines to ensure your safety and the effective use of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a reloading tool for the 6x47mm Lapua cartridge.
- Keep the dies out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Inspect the dies for damage or wear before each use. Do not use if damaged.
- Follow all local laws and regulations regarding reloading and firearm maintenance.
- In case of an accident or injury, seek medical assistance immediately.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the Bushing Full Length Sizer Die is compatible with your reloading press.
- Use the die only with Redding or L.E. Wilson bushings as specified.
- Do not exceed recommended loads when reloading ammunition.
- Be cautious of hot surfaces when using the die, as it may become warm during operation.
- Avoid using the die in wet or damp conditions to prevent electrical hazards if using powered equipment.
- Do not attempt to modify or alter the die in any way.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Insert the Bushing Full Length Sizer Die into the press and tighten securely using the lock ring.
- Attach the shoulder datum collar to measure shoulder bump and headspace as needed.

### 2. Using the Die:

- Adjust the die to achieve the desired shoulder bump back by turning the die in the press.
- Use the wide knurling on the die for easy adjustments.
- If using the die without the expander, ensure the pin retainer is properly installed.
- After final adjustments, secure the die using the 632 machine screw on the lock ring.

### 3. After Use:

- Clean the die after each use to remove residue and prevent corrosion.
- Store the die in a dry, cool place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the Bushing Full Length Sizer Die in accordance with local regulations regarding metal recycling.
- Do not dispose of the die in household waste. Check for local recycling programs that accept metal tools.
- Ensure that any packaging materials are also disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries or further information related to safety and usage, please refer to the manufacturer's contact details provided with your product.

By following these guidelines, you can ensure safe and effective use of your Bushing Full Length Sizer Dies. Thank you for choosing Whidden Gunworks.
