

# BUSHING FULL LENGTH SIZER DIES - WHIDDEN GUNWORKS 6.5MM CREEDMOOR BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand-polished Bushing Sizer dies have a shorter overall length for better shoulder bump back, a smaller base and tighter internal tolerances. All of the sizer dies include a shoulder datum collar to measure shoulder bump and headspace. The sizing dies also include a pin retainer should you chose to use the sizer without the expander. Wide knurling on the die make small adjustments simple while the 6-32 machine screw on the lock ring secures the die once the final adjustment is made. The full length bushing die does not include the required bushing. The sizer will accept Redding or L.E. Wilson bushings.

## Attributes

- Name: [WHIDDEN GUNWORKS 6.5MM CREEDMOOR BUSHING FULL LENGTH DIE](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)

# Safety Instruction Guide for Bushing Full Length Sizer Dies

## Introduction

Thank you for choosing the BUSHING FULL LENGTH SIZER DIES from WHIDDEN GUNWORKS. This product is designed to provide precision and efficiency in reloading your 6.5mm Creedmoor cartridges. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using reloading equipment.
- Ensure that your workspace is clean, organized, and free of distractions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling materials.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper use may lead to injury or damage to the equipment.
  - Ensure that the die is securely locked in place before use to prevent accidents.
- **Avoiding Hazards:**
  - Do not exceed the recommended load specifications for your cartridges.
  - Always verify that the die is clean and free from obstructions before use.
  - Handle the die with care to avoid sharp edges that may cause cuts.
- **Audience Specific Warnings:**
  - This product is intended for use by adults with experience in reloading firearms. It is not suitable for children.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Workspace:** Ensure your work area is clean and well lit.
2. **Gather Necessary Tools:** You will need a reloading press, the Bushing Full Length Sizer Die, and a bushing (Redding or L.E. Wilson).
3. **Install the Die:**
  - Insert the die into the reloading press according to the manufacturer's instructions.
  - Secure the die using the 632 machine screw on the lock ring.
  - Adjust the die to the desired position for shoulder bump back and headspace measurement.

### Usage

1. **Setting Up:**
  - Attach the appropriate bushing to the die before use.
  - Ensure the pin retainer is in place if you choose to use the die without the expander.
2. **Reloading Process:**
  - Insert the cartridge case into the die.
  - Operate the reloading press to size the case.
  - Carefully remove the resized case and inspect it for quality.
3. **Adjustments:**

- Use the wide knurling on the die to make small adjustments easily.
- Check the shoulder datum collar for proper measurements after each sizing.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not discard the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the BUSHING FULL LENGTH SIZER DIES, please refer to the manufacturer's website or contact their support team. Ensure you have the product details ready for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Please reload responsibly!
