

# BUSHING FULL LENGTH SIZER DIES - WHIDDEN GUNWORKS 338 LAPUA MAGNUM BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand-polished Bushing Sizer dies have a shorter overall length for better shoulder bump back, a smaller base and tighter internal tolerances. All of the sizer dies include a shoulder datum collar to measure shoulder bump and headspace. The sizing dies also include a pin retainer should you chose to use the sizer without the expander. Wide knurling on the die make small adjustments simple while the 6-32 machine screw on the lock ring secures the die once the final adjustment is made. The full length bushing die does not include the required bushing. The sizer will accept Redding or L.E. Wilson bushings.

## Attributes

- Name: [WHIDDEN GUNWORKS 338 LAPUA MAGNUM BUSHING FULL LENGTH DIE](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)

# Safety Instruction Guide for BUSHING FULL LENGTH SIZER DIES WHIDDEN GUNWORKS 338 LAPUA MAGNUM

## Introduction

Thank you for choosing the Bushing Full Length Sizer Dies from Whidden Gunworks. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the product to maximize safety and performance.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always wear appropriate safety gear, such as safety glasses, when using reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage before use.
- Follow all local laws and regulations related to firearms and ammunition.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use of the sizing die can lead to personal injury or damage to the equipment.
  - The product may contain sharp edges. Handle with care to avoid cuts.
- **Avoiding Hazards:**
  - Always ensure the die is securely mounted before use.
  - Do not exceed the recommended sizing limits for your ammunition.
  - Keep hands and other body parts clear of moving parts during operation.
- **Age Specific Warnings:**
  - This product is intended for use by individuals aged 18 and older. Ensure that younger individuals are supervised when using this product.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the reloading press is turned off and unplugged.
  2. Select the appropriate bushing for your cartridge.
  3. Attach the sizing die to the reloading press by screwing it into the die holder until secure.
  4. Adjust the die to the desired position using the lock ring and 632 machine screw.
- **Usage:**
  1. Insert the cartridge case into the shell holder of the reloading press.
  2. Operate the press handle to raise the case into the sizing die.
  3. Measure the shoulder bump and headspace using the shoulder datum collar included.
  4. If using the die without the expander, ensure the pin retainer is in place.
  5. Make small adjustments as needed using the wide knurling on the die.
  6. After final adjustments, secure the die using the lock ring.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is damaged and no longer usable, dispose of it responsibly. Contact your local waste management authority for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support, please refer to the product packaging for the appropriate contact information.

Thank you for prioritizing safety and for choosing Whidden Gunworks. Enjoy your reloading experience!
