

# FULL LENGTH SIZER AND SEATER DIES SETS - WHIDDEN GUNWORKS 6X47MM LAPUA FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand-polished bushing sizer dies have a shorter overall length for better shoulder bump back, a smaller base and tighter internal tolerances. All of the sizer dies include a shoulder datum collar to measure shoulder bump and headspace. The sizing dies also include a pin retainer should you chose to use the sizer without the expander. Wide knurling on the die make small adjustments simple while the 6-32 machine screw on the lock ring secures the die once the final adjustment is made. The Full Length Bushing die does not include the required bushing. The sizer will accept Redding or L.E. Wilson bushings.

## Attributes

- Name: [WHIDDEN GUNWORKS 6X47MM LAPUA FULL LENGTH DIE SET](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)
- Product no.: 749016171

# Safety Instruction Guide for FULL LENGTH SIZER AND SEATER DIES SET WHIDDEN GUNWORKS 6X47MM LAPUA FULL LENGTH DIE SET

## Introduction

Thank you for choosing the Whidden Gunworks Full Length Sizer and Seater Dies Set. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read all instructions carefully before use.

## General Safety Guidelines

- Product Safety: Ensure safe use of the die set by following all provided instructions.
- Enhanced Recalls: Stay informed about any recalls or safety notices related to this product.
- Online Shopping: If purchased online, ensure the seller complies with safety requirements.
- Special Consumer Focus: Extra caution is advised for inexperienced users or those unfamiliar with reloading equipment.
- EU Contact Point: For safety inquiries, refer to the contact information provided by the retailer.
- Rapid Alerts: Monitor the EU's Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- Always wear safety glasses when using reloading equipment to protect your eyes from debris.
- Ensure that the workspace is clean and free from distractions to prevent accidents.
- Keep the die set out of reach of children and pets to avoid any potential hazards.
- Do not exceed the recommended load specifications for the cartridges.
- Use only compatible bushings with the sizing die to ensure proper function.
- Regularly inspect the die set for any signs of wear or damage before each use.
- Follow all manufacturer recommendations for cleaning and maintenance.

## Instructions for Installation and Usage

### 1. Installation of the Die Set:

- Secure the die set into the reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid movement during use.

### 2. Using the Sizer Die:

- Insert the cartridge case into the die.
- Use the shoulder datum collar to measure the shoulder bump and headspace.
- Adjust the die using the knurled section for precise sizing as needed.
- If using without the expander, ensure the pin retainer is properly installed.

### 3. Using the Seater Die:

- Place the bullet on the cartridge case.
- Adjust the seating depth using the lock ring and 632 machine screw.
- Ensure the bullet is seated correctly before proceeding to the next step.

### 4. Final Checks:

- Once adjustments are made, doublecheck the settings before starting a new batch of cartridges.
- Document any changes made for future reference.

## **Disposal Instructions**

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check local guidelines for proper disposal methods.

## **Contact Information for Further Support**

For further assistance or safety inquiries, please refer to the contact information provided by the retailer where the product was purchased.

Thank you for prioritizing safety while using the Whidden Gunworks Full Length Sizer and Seater Dies Set. Enjoy your reloading experience!
