

# **BUSHING FULL LENGTH SIZER AND SEATER DIE SETS - WHIDDEN GUNWORKS 6.5-284 WINCHESTER BUSHING FULL LENGTH DIE SET**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand polished Bushing Full Length Sizer and Seater Sets come in most standard calibers . The Full Length Sizer Die has a shorter overall length for better shoulder bump-back, a smaller base and tighter internal tolerances. The Seater Die comes with a micrometer top for precise adjustments. These dies are designed with a floating sleeve system which helps to improve concentricity- a must for repeatable precision. No bushing is included with the set. The sizer will accept Redding or L.E. Wilson bushings.

## **Attributes**

# Safety Instruction Guide for Bushing Full Length Sizer and Seater Die Sets

## Introduction

Thank you for purchasing the Bushing Full Length Sizer and Seater Die Set from Whidden Gunworks. This guide provides important safety instructions and information to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents and injuries.
- Use the die set only for its intended purpose as specified in this guide.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Handle all components with care to avoid injury.
- Ensure that the workspace is clean and organized to prevent accidents.
- Never exceed the recommended load specifications for the cartridges being used.
- Do not modify the die set in any way, as this may compromise safety and performance.
- If you are unsure about any aspect of using the die set, seek advice from a qualified professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Insert the Full Length Sizer Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height and lock it in place.
- Repeat the process for the Seater Die, ensuring proper alignment.

### 2. Usage:

- Prepare the brass cases by cleaning and inspecting them for defects.
- Follow the specific loading data for the 6.5 x 284 mm Winchester cartridge.
- Use the Full Length Sizer Die to resize the brass cases, ensuring proper shoulder bumpback.
- Use the Seater Die to seat the bullets, making precise adjustments using the micrometer top.
- After reloading, visually inspect each cartridge for proper assembly before use.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Ensure that any hazardous materials are disposed of properly to minimize environmental impact.
- Do not discard the die set or its components in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Bushing Full Length Sizer and Seater Die Set, please contact the manufacturer or your local distributor. Always ensure that you have the product information available when seeking support.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Bushing Full Length Sizer and Seater Die Set. Thank you for choosing Whidden Gunworks.
