

# BUSHING FULL LENGTH SIZER AND SEATER DIE SETS - WHIDDEN GUNWORKS 6.5MM REMINGTON SAUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand polished Bushing Full Length Sizer and Seater Sets come in most standard calibers . The Full Length Sizer Die has a shorter overall length for better shoulder bump-back, a smaller base and tighter internal tolerances. The Seater Die comes with a micrometer top for precise adjustments. These dies are designed with a floating sleeve system which helps to improve concentricity- a must for repeatable precision. No bushing is included with the set. The sizer will accept Redding or L.E. Wilson bushings.

## Attributes

# Safety Instruction Guide for Bushing Full Length Sizer and Seater Die Sets

## Introduction

Thank you for choosing the Whidden Gunworks Bushing Full Length Sizer and Seater Die Set for your reloading needs. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure you are familiar with the reloading process and follow all manufacturer instructions.
- Keep the die set out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Regularly inspect your equipment for wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the die set can lead to serious injury or damage.
- Ensure that the die set is compatible with your specific caliber (6.5mm Rem SAUM).

- **Avoiding Hazards:**

- Do not exceed the recommended load specifications for your ammunition.
- Ensure that the die set is securely mounted to prevent movement during use.
- Always check that the bushing is properly seated in the sizer die before use.
- Never attempt to modify the die set in any way.

- **Age and Audience Specific Warnings:**

- This product is intended for use by individuals who are knowledgeable in reloading and firearm safety.
- It is not suitable for use by children or inexperienced users.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is clean and free from debris.
2. Securely mount the Full Length Sizer Die and Seater Die in your reloading press.
3. Confirm that the die set is compatible with Redding or L.E. Wilson bushings (not included).

- **Usage:**

- For the Full Length Sizer Die:
  1. Adjust the die to achieve the desired shoulder bumpback.
  2. Insert the cartridge case and operate the press to resize.

- For the Seater Die:

1. Use the micrometer top to make precise adjustments for bullet seating depth.
2. Insert the bullet into the case and operate the press to seat the bullet.

- **PostUsage:**

- Clean the die set after each use to prevent corrosion and maintain performance.
- Store the die set in a dry place, away from moisture and direct sunlight.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Ensure that all materials used in the reloading process are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the Bushing Full Length Sizer and Seater Die Set, please refer to the manufacturer's contact resources. It is important to have access to support for safety inquiries.

Thank you for prioritizing safety while using the Whidden Gunworks Bushing Full Length Sizer and Seater Die Set. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience.
