

# BUSHING FULL LENGTH SIZER AND SEATER DIE SETS - WHIDDEN GUNWORKS 7MM REMINGTON SAUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand polished Bushing Full Length Sizer and Seater Sets come in most standard calibers . The Full Length Sizer Die has a shorter overall length for better shoulder bump-back, a smaller base and tighter internal tolerances. The Seater Die comes with a micrometer top for precise adjustments. These dies are designed with a floating sleeve system which helps to improve concentricity- a must for repeatable precision. No bushing is included with the set. The sizer will accept Redding or L.E. Wilson bushings.

## Attributes

- Name: [WHIDDEN GUNWORKS 7MM REMINGTON SAUM BUSHING FULL LENGTH DIE SET](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)
- Product no.: 749016205

# Safety Instruction Guide for Bushing Full Length Sizer and Seater Die Sets

## Introduction

Thank you for choosing the Bushing Full Length Sizer and Seater Die Sets from Whidden Gunworks. This guide provides essential safety information and instructions to ensure the safe and effective use of your die set. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, specifically for reloading 7 mm SAUM (Remington SA Ultra Mag) cartridges.
- Always handle all reloading equipment with care and follow standard safety practices.
- Keep the die set and all reloading supplies out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading ammunition.
- Store the die set in a dry, safe location when not in use to prevent damage and ensure safety.

## Specific Safety Precautions for Use

- Always read and understand the reloading manual that corresponds with the components you are using.
- Check for proper fit and function of the die set before beginning the reloading process.
- Inspect the dies for any signs of damage or wear before each use. Do not use damaged dies.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed recommended load limits specified in your reloading manual.
- Maintain a clean and organized workspace to avoid accidents and ensure efficiency.
- Avoid distractions while reloading to maintain focus and precision.
- In case of an accident or injury, seek immediate medical attention.

## Instructions for Installation and Usage

### 1. Installation of the Die Set

- Unpack the Bushing Full Length Sizer and Seater Die Set carefully.
- Ensure you have the necessary tools, including a reloading press and compatible bushings (not included).
- Secure the Full Length Sizer Die in your reloading press according to the manufacturer's instructions.
- Adjust the die to achieve the desired shoulder bumpback and ensure proper alignment with the cartridge.

### 2. Using the Full Length Sizer Die

- Insert the cartridge case into the die and raise the ram of the press to size the case.
- Check the case dimensions after sizing to ensure they meet specifications.
- Replace the bushing as needed based on your reloading requirements.

### 3. Using the Seater Die

- Install the Seater Die in the press following the manufacturer's guidelines.
- Place a bullet into the cartridge case and align it with the die.
- Use the micrometer top to make precise adjustments for bullet seating depth.
- Raise the ram to seat the bullet securely into the cartridge.

#### **4. Final Inspection**

- After reloading, visually inspect each cartridge for proper assembly and finish.
- Store completed cartridges in a safe and organized manner.

### **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental contamination.
- Follow local guidelines for the disposal of hazardous materials, if applicable.

### **Contact Information for Further Support**

For any inquiries or further assistance regarding the Bushing Full Length Sizer and Seater Die Sets, please refer to the contact information provided with your product packaging or visit the official Whidden Gunworks website.

### **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Bushing Full Length Sizer and Seater Die Sets. Always prioritize safety and responsibility when handling reloading equipment. Thank you for your attention to these important safety measures.
