

# **BUSHING FULL LENGTH SIZER AND SEATER DIE SETS - WHIDDEN GUNWORKS 308 WINCHESTER BUSHING FULL LENGTH DIE SET**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Whiddens' hand polished Bushing Full Length Sizer and Seater Sets come in most standard calibers . The Full Length Sizer Die has a shorter overall length for better shoulder bump-back, a smaller base and tighter internal tolerances. The Seater Die comes with a micrometer top for precise adjustments. These dies are designed with a floating sleeve system which helps to improve concentricity- a must for repeatable precision. No bushing is included with the set. The sizer will accept Redding or L.E. Wilson bushings.

## **Attributes**

- Name: [WHIDDEN GUNWORKS 308 WINCHESTER BUSHING FULL LENGTH DIE SET](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)
- Product no.: 749016207
- Mfr. No.: SET-S-B-000308-

# Safety Instruction Guide for Bushing Full Length Sizer and Seater Die Sets

## Introduction

Thank you for choosing the Whidden Gunworks Bushing Full Length Sizer and Seater Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before using the dies.

## General Safety Guidelines

- Always handle reloading equipment with care and attention.
- Keep the dies out of reach of children and vulnerable individuals.
- Ensure you are familiar with the reloading process and the specific requirements for your firearm.
- Use the dies only for their intended purpose as specified in this guide.
- Regularly inspect the dies for any signs of wear or damage before use.
- Store the dies in a dry, secure location when not in use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of the risks associated with reloading ammunition, including the potential for injury from improper handling or malfunctioning equipment.
- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when using reloading equipment to protect against potential hazards.
- **Concentricity:** Ensure that the floating sleeve system is functioning correctly to maintain concentricity, which is crucial for precision.
- **Bushing Compatibility:** Use only Redding or L.E. Wilson bushings with the sizer die to ensure proper fit and function.
- **Adjustment Care:** When making adjustments to the micrometer top, do so gently to avoid damaging the mechanism.
- **Work Area Safety:** Maintain a clean and organized workspace to prevent accidents and ensure a safe working environment.

## Instructions for Installation and Usage

### 1. Unpacking the Set:

- Carefully remove the die set from the packaging.
- Check for any visible damage or missing components.

### 2. Installing the Full Length Sizer Die:

- Secure the sizer die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.

### 3. Installing the Seater Die:

- Install the seater die in the same manner as the sizer die.
- Adjust the micrometer top for your desired bullet seating depth.

### 4. Using the Dies:

- Follow standard reloading procedures for resizing and seating bullets.
- Regularly check the die settings to ensure consistency and accuracy.
- Use the floating sleeve system to maintain concentricity throughout the reloading process.

#### **5. PostUse Care:**

- Clean the dies after each use to remove any residue or debris.
- Store the dies in their original packaging or a suitable container to protect them from damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not dispose of the dies in regular household waste if they are considered hazardous.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Bushing Full Length Sizer and Seater Die Set, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and effective reloading experience with your Whidden Gunworks die set.
